WHEREAS: The City Council of the City of Porterville at its regularly scheduled meeting
of March 5, 2013, conducted a public hearing to approve findings and consider Zone Change 2012-
002-Z, being a change of zone from RM-3 (High Density Residential), RM-2 (Medium Density
Residential), and CN (Neighborhood Commercial) to CMX (Commercial Mixed Use) for the site
located on the south side of Henderson Avenue, west of Newcomb Street (APN 245-410-032); and

WHEREAS: The City Council of the City of Porterville determined that the proposed Zone
Change (2012-002-Z) is consistent with the guiding and implementation policies of the adopted
2030 General Plan; and

WHEREAS: That a Mitigated Negative Declaration was prepared for the project in
accordance with the California Environmental Quality Act and was transmitted to interested
agencies and made available for public review and comment. The review period ran for twenty (20)
days from February 8, 2013 to February 28, 2013; and

WHEREAS: The City Council made the following findings that the proposed project will
advance the goals and objectives of and is consistent with the policies of the General Plan and any
other applicable plan that the City has adopted.

a. The project supports and complies with the following General Plan guiding policies:
   LU-G-1: Promote a sustainable, balanced land use pattern that responds to
   existing needs and future needs of the City.
   LU-G-3: Promote sustainability in the design and development of public and
   private development projects.
   LU-G-10: Foster viable, pedestrian-oriented neighborhood centers with vertically-
   and horizontally- mixed-use development.

b. Development of the site as proposed, including personal storage, requires approval of
   a Conditional Use Permit and would be subject to the City’s development standards.

c. An amendment to the General Plan designation is being processed concurrently with
   this Zone Change request. Approval of the Zone Change is contingent upon the
   approval of General Plan Amendment 2012-002 G, to ensure consistency between the
   General Plan and Zoning. The commercial mixed use (CMX) zoning will allow for
   similar types of land uses but in different proportions than currently exist on the
   property. In addition, the CMX Zone will allow the personal storage development
   pursuant to approval of a Conditional Use Permit as well as the drive through lanes as
   proposed.
d. The subject Zone Change will not create adverse environmental impacts on the adjacent neighborhood when mitigation measures are implemented and standards of the Development Ordinance and General Plan are applied to the subsequent development project.

NOW, THEREFORE, BE IT ORDAINED: That the City Council of the City of Porterville does ordain as follows:
