September 4, 2014
SUBJECT: WATER CONSERVATION PHASE II, WATER SYSTEM STATUS

SOURCE: Public Works Department - Field Services Division

COMMENT: Phase II water conservation efforts for 2014 began in March. Actions were prompted by the Governor on January 17, 2014, proclaiming a State of Emergency and asking all Californians to reduce water consumption by 20% and referring residents and water agencies to the Save Our Water campaign. Staff has responded by early implementation of our media campaign with newspaper, radio messages and website information provided.

An emergency regulation to increase conservation practices for all Californians became effective July 29, 2014. The new conservation regulation targets outdoor urban water use. This regulation establishes the minimum level of activity that residents, businesses and water suppliers must meet as the drought deepens and will be in effect for 270 days unless extended or repealed.

As a result of the emergency regulation, the City has implemented a Water Conservation Plan update that was approved by Council on August 19, 2014, as part of the resolution adopting the 2010 Urban Water Management Plan update. The City will continue a water awareness campaign, providing water conservation information and water saving ideas to the public. Staff also directly notifies any customer observed over using water by serving them with a door hanger advising them of our mandatory watering schedule and user restrictions.

The water system has been impacted from the lack of rain the last three years. Well yields have shown reductions in gallons per minute of about 18% compared to the 5-year average through June. However, due to the extraordinary response to the City's water conservation message by the citizens of Porterville, water production for the month of August 2014 decreased by 17% compared to the 5-year average and 12% decrease from 2013. Staff will continue to monitor ground water levels and production and will inform Council if conditions change, requiring Council action.

SUBJECT: AWARD OF CONTRACT – ISLAND ANNEXATION SEWER PROJECT (AREA 459A AND 459C)

SOURCE: Public Works Department - Engineering Division

COMMENT: On August 27, 2014, staff received four (4) bids for the Island Annexation Sewer Project - Area 459A and 459C. Area’s 459A and 459C are generally bounded by the Porter Slough on the north, Walch Street on the east, Westwood Street on the west and Putnam Avenue on the south. Area 459C is the residences on each side of Belmont Street between Henderson Avenue and Mulberry Avenue.

The proposed project includes 13,330 lineal feet (2.52 miles) of 8” and 6” diameter sewer mains, 30 sewer manholes and 367 sewer laterals. Construction sequencing will be essential throughout the project, and specified as such, so as to maintain access and minimize the inconvenience within the neighborhoods affected by this project.

The Engineer’s estimate of probable cost is $1,716,694.80. The low bid received from Steve Dovali Construction in the amount of $1,155,064 is 32.7% below the Engineer’s estimate. An additional $115,506.4 is necessary for the construction contingency (10%). It is anticipated that an additional $57,753.2 will be needed for construction management, quality control and inspection services (5%) for a total estimated project cost of $1,328,323.60.

Refinancing of the Sewer Revenue Bonds, better known to staff as Certificate of Participation (COP) funds, is the mechanism for funding this project and subsequent project areas. The stated funding source was approved in the 2014/2015 Annual Budget.

PROJECT BOUNDARIES

ISLAND ANNEX. 459A & 459C
THIS ITEM HAS BEEN MOVED TO SCHEDULED MATTERS
COMMENT: On April 15, 2014, City Council authorized staff to distribute a Request for Qualifications for On-Call Consulting for right-of-way and surveying services. The right-of-way services to be rendered would consist of, but not be limited to, the preparation appraisal and acquisition documents along with other related items as necessary to comply with the Uniform Act. The surveying services to be rendered would consist of, but not be limited to, the preparation of topographic surveys, legal descriptions and exhibits, and construction staking along with other related items as necessary to comply with the Business and Professions Code.

The Request for Qualifications (RFQ) was advertised in the Porterville Recorder, the Fresno Bee, and the Bakersfield Californian. The City received a total of six (6) responses. The six (6) responsive firms were: Hopper Company, Ruettgers & Schuler, Hamner Jewell & Associates, Paragon Partners, Bender Rosenthal, and Overland Pacific & Cutler. All firms were found to meet the desired qualifications.

As a result of the review of the Statements of Qualifications, the top ranking firms are identified as follows:

1. Hamner, Jewell & Associates – Able to perform all services.
2. Bender Rosenthal – Able to perform all services.
3. Hopper Company – Solely for appraisal services.

At this time, staff is proposing to enter consultant service agreements with three (3) firms. Staff will solicit proposals from those three (3) firms, rank them appropriately, and execute task orders as needed. This will allow for even greater flexibility and expedited response time for the City’s consulting needs.

Staff is recommending the use of Hopper Company as the sole appraiser and Hamner, Jewell & Associates, and Bender Rosenthal for review of appraisals and surveying services. Should Hopper Company be unable to complete a task the other two firms have qualified staff to complete appraisal services.

The proposed contract has a term of three (3) years, with a one (1) year extension.

RECOMMENDATION: That the City Council:

1. Authorize staff to negotiate on-call contracts with Hopper Company, Hamner, Jewell & Associates, and Bender Rosenthal;
2. Authorize the Mayor to sign contract documents;
3. Authorize the Community Development Director to sign task orders; and
4. Authorize staff to make payments up to 100% upon satisfactory completion of tasks.

ATTACHMENTS:
Staff report from April 15, 2014, authorizing distribution of Request for Qualifications
SUBJECT: AUTHORIZATION TO DISTRIBUTE REQUEST FOR QUALIFICATIONS (RFQ) FOR ON-CALL CONSULTING SERVICES

SOURCE: Public Works Department – Engineering Division

COMMENT: The Public Works Department is seeking to maintain On-Call Consulting Services contracts with qualified consulting firms to provide right-of-way and surveying services to the City when there is an identified funding source for a project. Professional services are contracted through demonstration of competency and qualifications-based standards to ensure compliance with the Brooks Act and Government Code governing professional standards. Said services will be utilized on a number of capital improvement projects that require specialization outside of the scope that the department is able to perform with its own staff. At this time, staff is requesting authorization to distribute a Request for Qualifications (RFQ) for On-Call Consulting Services for each specialty discipline.

The right-of-way services to be rendered under this contract would consist of, but not be limited to, the preparation of appraisal and acquisition documents along with other related items as necessary to comply with the Uniform Act. The surveying services to be rendered under this contract would consist of, but not be limited to, the preparation of topographic surveys, legal descriptions and exhibits, and construction staking along with other related items as necessary to comply with the Business and Professions Code. When right-of-way or surveying services are requested, a task order will be created based on a fair and reasonable price and specify a maximum length of contract duration. Although the City Engineer or qualified staff will review the consultant’s work, the above referenced skills are essential to meeting the objectives of this program.

Due to the increasing number of documentation and requirements involved for each fiscal year’s projects, staff must ensure that all such requirements are met so that funding is not jeopardized for grant-based projects. RFQs for On-Call Consulting Services contracts must be circulated on an on-going basis, not to exceed five years, as an extension of providing fair and open competition.

RECOMMENDATION: That City Council authorize staff to distribute a Request for Qualifications for On-Call Consulting Services for right-of-way and surveying services.
SUBJECT: ACCEPTANCE OF FINAL SUBDIVISION MAP - RIVERVIEW ESTATES No. 5 (Gary Smee)

SOURCE: Public Works Department - Engineering Division

COMMENT: The subdivider, Smee Builders, Inc., has submitted the final map of the subject project for Council approval. The subdivider is requesting approval prior to the acceptance of the required improvements.

The subdivider has submitted the required guarantee to the City to complete and/or accept all necessary public improvements on the project. A subdivision agreement between the subdivider and the City has been signed by the subdivider, and all fees have been paid.

The final map is in conformance with the approved tentative map and City Council Resolution No. 81-2013. The improvement plans, specifications, dedications and the final map have been approved by the Public Works Director and City Engineer and all other requirements have been met.

RECOMMENDATION: That City Council:

1. Approve the final subdivision map of Riverview Estates No. 5;

2. Accept all offers of dedication shown on the final map; and

3. Authorize the City Clerk to file said map with the County Recorder.

ATTACHMENT: Final Map – Riverview Estates No. 5
SUBJECT: PLANO BRIDGE – AUGMENT TO CONSTRUCTION MANAGEMENT AND CONSTRUCTION SUPPORT SERVICE AGREEMENTS

SOURCE: Public Works Department - Engineering Division

COMMENT: Physical work on the Plano Street/Tule River Bridge Rehabilitation & Widening Project is going well. Traffic has been shifted on the new bridge to the west side lanes. The current schedule shows project completion by the end of November 2014, which is approximately 3½ months behind the original schedule. Time overrun is due to multiple issues faced during construction including, but not limited to, the presence of asbestos conduit under the existing sidewalk, relocation of AT&T line by AT&T’s contractor to the new bridge, conflict of existing SCE 12KV line with the new bridge abutments, shallow existing retaining wall foundation at the VCR property, sewer lateral conflict with the new retaining wall at VCR property, retrofit of hinges and alleged difficult pile driving conditions at bridge foundations as claimed by the Contractor.

Some of the above stated causes are being deferred for award of extra time consideration until the end of construction. The reason to defer is the complex nature of some of the alleged claims by the Contractor. The City project manager and construction management consultant are documenting and tracking the delays and plan to resolve disputed items with the Contractor in the near future. The contract allows the City to charge $1500 per calendar day for any time delay. As soon as the disputed items are settled with the Contractor, staff will know actual liquidated damages charges.

Under the original construction schedule, the project was expected to be complete by July 30, 2014 (11½ months). The City’s construction management consultant, VSCE, submitted their proposal prior to the construction contract and based upon an earlier estimate of 11 month construction period. The City accepted VSCE’s proposal based on this schedule. The new construction completion schedule will be on or about November 21, 2014. A $250,000 augmentation to VCSE’s contract is necessary in order to keep the construction management team in place for the duration of the project. The federal portion of the $250,000 will be $221,325 and the local share will be $28,675.

In December 2012, prior to the opening of construction bids, the City awarded a construction support service agreement with the bridge design firm Nolte & Associates, now known as NV5. Staff estimated the cost of
this service agreement at $100,000 but was able to negotiate a service agreement with NV5 for $88,400. This fee was calculated based on a construction estimate of $7.5 million.

Six months later the City opened bids on the Plano Street/Tule River Rehabilitation & Widening project. The low bid from Viking Construction was $10.46 million or 40% higher than the engineer's estimate. NV5 has performed admirably to date, but has expended all of the funds under the original service agreement. NV5 requests, and staff agrees, that a $30,000 augment to their service agreement is reasonable and justified. The federal share of the additional $30,000 will be $26,560 and the local share will be $3,340.

Funding for the City's local share ($32,015) is available in the Certificate of Participation (COP) funds reserved for the Plano Bridge project. The augmented amounts to VSCE and Nolte’s contracts may be offset by liquidated damage assessments.

RECOMMENDATION: That the City Council:

1. Authorize the Finance director to augment VSCE’s service agreement contract by $250,000; and

2. Authorize the Finance Director to augment NV5’s service agreement contract by $30,000.
SUBJECT: AUTHORIZATION TO PURCHASE WATER SHARES AND/OR SURFACE WATER FOR GROUNDWATER RECHARGE

SOURCE: Public Works Department – Field Services Division

COMMENT: At the July 15, 2014, City Council meeting, Council approved the purchasing of surface water and/or water shares, when available, from surrounding water entities to be used for groundwater recharge, in an amount not to exceed $100,000.

The City currently owns 466 shares of Pioneer Water Company and it has been Council’s direction to increase the City’s holdings and water rights when the opportunities arise. Recently acquired water shares are being offered for sale by the board of the Pioneer Water Company (PWC). The current demand for water has driven up the price of the PWC shares and the board has set the minimum bid at $5,000 per share.

Staff feels the allocation to purchase shares or surface water needs to be increased by $50,000 for the 2014/2015 fiscal year in order to competitively bid for water shares and surface water, if available.

Staff recommends that City Council authorize the Public Works Director to purchase or bid on any available shares in the 2014/2015 fiscal year with PWC or other water entities and purchase surface water being offered for sale at his discretion. The City Water Fund has the available funds for water purchases of this nature.

RECOMMENDATION: That City Council:

1. Increase the 2014/2015 allocation in the water fund to $150,000 for the purpose of purchasing surface water or water shares; and

2. Authorize the Public Works Director, at his discretion, to purchase surface water for recharge and purchase or bid on water shares in an amount not to exceed $150,000.
SUBJECT: RENEWAL OF AGREEMENT WITH KINGS/TULARE AREA AGENCY ON AGING TO FACILITATE A SENIOR NUTRITION PROGRAM

SOURCE: PARKS AND LEISURE SERVICES DEPARTMENT

COMMENT Kings/Tulare Area Agency on Aging (K/TAAA) is requesting renewal of the agreement with the City of Porterville to facilitate the continuance of a Senior Nutrition Program within the city. The program will continue to operate at the Santa Fe Depot five days per week. The agreement provides for the City contributing $14,000 annually ($3,500 each calendar quarter) for the continued operation of the nutrition program by K/TAAA.

K/TAAA is requesting the term of the agreement be for a period of eight calendar quarters commencing October 1, 2014, and ending September 30, 2016. Staff feels that the services provided by K/TAAA, through their contractor CSET, have been performed well and that those participating in the program have been very pleased with the services. K/TAAA appears to be consistently striving to enhance the program.

RECOMMENDATION: That the City Council approve the renewal of the agreement with K/TAAA and authorize and direct the Mayor to execute same.

AMERICA CELEBRATES U.S. CONSTITUTION
DAR Promotes Constitution Week Awareness

WASHINGTON, DC – September 17, 2014, begins the national celebration of Constitution Week. The weeklong commemoration of America’s most important document is one of our country’s least known official observances. Our Constitution stands as a testament to the tenacity of Americans throughout history to maintain their liberties and freedom, and to ensure those inalienable rights to every American.

The tradition of celebrating the Constitution was started many years ago by the Daughters of the American Revolution (DAR). In 1955, the Daughters petitioned Congress to set aside September 17-23 annually to be dedicated for the observance of Constitution Week. The resolution was later adopted by the U.S. Congress and signed into Public Law #915 on August 2, 1956 by President Dwight D. Eisenhower. The aims of the celebration are to (1) emphasize citizens’ responsibilities for protecting and defending the Constitution, preserving it for posterity; (2) inform the people that the Constitution is the basis for America’s great heritage and the foundation for our way of life; and (3) encourage the study of the historical events which led to the framing of the Constitution in September 1787.

The United States of America functions as a Republic under the Constitution, which is the oldest document still in active use that outlines the self-government of a people. This landmark idea that men had the inalienable right as individuals to be free and live their lives under their own governance was the impetus of the American Revolution. Today, the Constitution stands as an icon of freedom for people around the world.

“Constitution Week is the perfect opportunity to read and study this great document which is the safeguard of our American liberties,” states DAR President General, Lynn Forney Young. “We encourage all citizens across the country to take time this week to reflect on our heritage of freedom and come together to Celebrate America!”

DAR has served America for 124 years as its foremost cheerleader. In 1928, the Daughters began work on a building as a memorial to the Constitution. John Russell Pope, architect of the Jefferson Memorial, was commissioned to design the performing arts center, known as DAR Constitution Hall. Today, DAR Constitution Hall is one of the only structures erected in tribute to the Constitution of the United States of America.

Known as the largest women’s patriotic organization in the world, DAR has over 175,000 members with approximately 3,000 chapters in all 50 states and 13 foreign countries. The DAR has long promoted patriotism through commemorative celebrations, memorials, scholarships and activities for children, and programs for new immigrants. For more information about DAR and its programs visit www.dar.org or call (202) 628-1776.

SUBJECT: REVIEW OF LOCAL EMERGENCY STATUS – DECEMBER 21, 2010

SOURCE: Administration

COMMENT: In accordance with the City Council’s Resolution of Local Emergency adopted on December 21, 2010, and pursuant to Article 14, Section 8630 of the California Emergency Services Act, the Council must review the status of its local emergency at every regularly scheduled meeting and make a determination whether to continue or terminate the local emergency declaration.

Since its last review on September 2, 2014, City staff has continued its coordination with both State and Federal representatives in having made claims for reimbursement for public areas reported as suffering flood damage. An estimated total of $361,750 in damage repair projects were defined and accepted by both State (CEMA) and Federal (FEMA) emergency agencies, which after final FEMA administrative review, a total of approximately $270,000 was approved. Although all repair projects were originally to be completed by no later than July 2012, the City received a one (1)-year extension to July 2013.

At its meeting on October 16, 2012, the Council awarded a contract in the amount of $95,391.71 to Greg Bartlett Construction (Porterville), beginning CEMA repairs to Plano Street (south of Thurman Avenue), El Granito Street (near Zalud Park), E. Grand Avenue (at Henrahan Street), and W. Grand Avenue (at Hawaii Street). At its meeting on December 18, 2012, the Council accepted the completion of these identified CEMA repairs, including $90,295.53 in final construction costs.

At its meeting on March 5, 2013, the Council awarded a contract in the amount of $29,997.25, also to Greg Bartlett Construction (Porterville), for CEMA repairs of West Street and related storm drain improvements between Scranton and Tea Pot Dome Avenues. At its meeting on May 7, 2013, the Council accepted the completion of these identified CEMA repairs, including $19,392.25 in final construction costs.

At its meeting on April 2, 2013, the Council awarded a contract in the amount of $138,350 to Intermountain Slurry Seal, Inc. (Reno, Nevada), for the CEMA repair of Henderson Avenue between Patsy and Balmoral Streets. At its meeting on August 6, 2013, the Council accepted the completion of the identified CEMA repairs, which staff continues to work with the State to finalize repair reimbursements.

Item No. 13
RECOMMENDATION: That the Council:
1. Receive the status report and review of the designated local emergency; and
2. Pursuant to the requirements of Article 14, Section 8630 of the California Emergency Services Act, determine that a need exists to continue said local emergency designation.

PUBLIC HEARING

SUBJECT: BUDGET ADJUSTMENT/CITIZENS' OPTION FOR PUBLIC SAFETY (COPS) PROGRAM FUNDING

SOURCE: Police Department

COMMENT: For the past several years the City of Porterville has annually received funding from the State of California through the Citizens' Option for Public Safety (COPS) Grant Program. The City of Porterville is again slated to receive $100,000 this Fiscal Year 2014/2015 and a public hearing on the intent of the expenditures is required. In the past, the Police Department has used these funds in support of personnel assigned to the department's Patrol Division, including all necessary training, equipment, and overtime costs. The expenditure of these funds in this manner is in proper adherence with the requirements as specified in the Assembly Bill.

RECOMMENDATION: That the City Council:

1) Conduct the public hearing to receive public comment;
2) Authorize use of these funds to offset costs for personnel assigned to the department's Patrol Division, including necessary training, equipment, and overtime costs; and
3) Approve a budget adjustment increasing the Police Department's Special Safety Grants-Citizens' Option for Public Safety (COPS) budget by $100,000.

CITY COUNCIL AGENDA: SEPTEMBER 16, 2014

PUBLIC HEARING - CONTINUED

TITLE: DRAFT ORDINANCE CONCERNING MEDICAL CANNABIS/MARIJUANA CULTIVATION

SOURCE: CITY ATTORNEY/COMMUNITY DEVELOPMENT DEPARTMENT

COMMENT: On September 2, 2014, the City Council of the City of Porterville, at its regularly scheduled meeting, conducted a public hearing to hear testimony from the public and consider all information in the record relating to the draft ordinance concerning medical marijuana cultivation. In an effort to resolve proposed amendments, the Council called for a continuation of the public hearing to the meeting of September 16th.

The Council directed that the following items be amended:

- 301.23(e)2 - Remove restriction of 600 foot radius between allowed cultivation areas.
- 301.23(e)3 - Concerns raised, but no clear direction provided. Language previously proposed: No medical cannabis cultivation site shall be located within 1,000 feet of a sensitive use.
- 301.23(e)8 - Concerns raised, but no clear direction provided. Language previously proposed: 16 plants would be permitted, not more than four (4) indoors and not more than 12 outdoors.
- 301.23(e)20 - Remove requirement for cultivation area to be secured by an alarm at all times during growing season.
- 301.23(j)4 - Identify Section 601.11 as the proper appeals process in the Development Ordinance. 301.23(m) has been amended as well to further clarify the appeal process.

Staff is requesting Council direction for the distance of cultivation sites to sensitive uses, as well as clarification on the number of plants to be permitted.

ENVIRONMENTAL: The Environmental Coordinator made a determination that approving the draft ordinance (“project”) is not subject to the California Environmental Quality Act pursuant to §15060(c)(2) of the California Code of Regulations. Staff had also considered the exemption of the proposed ordinance from CEQA in accordance with §15061(b)(3) (General Rule), §15304 (Minor alterations to land), §15321 (Enforcement actions by regulatory agencies), §15311 (Accessory structures), but after careful evaluation came to the conclusion that the adoption of the proposed ordinance will not result in a direct or reasonably foreseeable indirect physical change in the environment.

CONCLUSION: The draft ordinance is a result of multiple compromises, where public safety, land use authority, and property owner rights are balanced with the needs of those Appropriated/Funded. CM

Item No. 15
who are authorized to use medical cannabis. The draft ordinance would provide opportunity to those medical cannabis users to cultivate it with less residual effects to neighboring property owners or the general public. If the ordinance is approved, staff will bring forth a report in one year’s time to review any issues or concerns that came up during the initial period of implementation.

RECOMMENDATION: That the City Council:

1. Consider any additional public testimony;
2. Finalize the noted areas where there were concerns;
3. Approve the proposed ordinance for medical cannabis cultivation and give first reading to the draft Ordinance; and
4. Waive further reading and order the Ordinance to print.

ORDINANCE NO. __________

WHEREAS, in November 2007, and in response to the implementation by the State of the Compassionate Use Act of 1996, the Medical Marijuana Program Act (2003) and subsequent case law, the City Council of the City of Porterville adopted Ordinance No. 1734, which amended the City’s regulations concerning medical marijuana dispensaries, prohibiting the issuance of business licenses for the purpose of operating medical marijuana dispensaries, but allowing for their regulation in the event federal law changed; and

WHEREAS, the City Council of the City of Porterville, based on recent and ongoing problems related to the local cultivation of medical cannabis, hereby finds that the cultivation, preparation and distribution of medical cannabis in the city has caused and is causing ongoing impacts to the community. These impacts are intensified by the activities of those who are abusing the current State statutory provisions for the cultivation, processing and distribution of cannabis for nonmedical, improper and illegal purposes. These impacts include increased crime related to outdoor cultivation occurring on residential lots, damage to buildings containing indoor grows, increases in home invasion robberies and related crimes, and increases in response costs, including code enforcement, building, land use, fire, and police staff time and expenses; and

WHEREAS, the City finds that it is in the best interest of the community to regulate the use of land within the city limits for the purposes of collectively cultivating, preparing, or dispensing medical cannabis, and to continue to deny business licenses to applicants desiring to open a medical marijuana dispensary within city limits; and

WHEREAS, legislation and case law confirms that the City has the power to regulate individual cultivation and restrict and even prohibit dispensing of medical cannabis, as well as regulate the collective cultivation and preparation of medical cannabis.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF PORTERVILLE DOES HEREBY ORDAIN as follows:

SECTION 1. The Porterville Municipal Code, Chapter 15, Article I, Section 15-5.1 is hereby amended as follows:

B. The City Council shall refuse to issue a business license to any applicant where it is apparent that the issuance of such license would allow for the practice, operation or carrying out of any activity that conflicts with any local, state or federal law.

SECTION 2. Chapter 15, Article VII, Sections 15-85 through 15-105, is hereby repealed.

SECTION 4. Section 301.23 is hereby added to Article 21 (Porterville Development Ordinance) as follows:
A. Purpose and Intent

1. The City Council of the City of Porterville, based on evidence presented to it in the proceedings leading to the adoption of this chapter, hereby finds that the cultivation, preparation, and distribution of medical cannabis in the city has caused and is causing ongoing impacts to the community. These impacts are intensified by the activities of those who are abusing the current State statutory provisions for the cultivation, processing and distribution of cannabis for nonmedical, improper and illegal purposes. These impacts include increases in various types of crime due to outdoor grows, damage to buildings containing indoor grows, including improper and dangerous electrical alterations and use, inadequate ventilation leading to mold and mildew, increased frequency of home-invasion robberies and related crimes. Many of these impacts have fallen disproportionately on residential neighborhoods, but nonetheless also negatively impact properties in the commercial districts. These impacts have also created an increase in response costs, including code enforcement, building, land use, fire, and police staff time and expenses.

2. The City Council also acknowledges that the voters of the State of California have provided a criminal defense to the cultivation, possession and use of medical cannabis for medical purposes under the Compassionate Use Act, but that the Compassionate Use Act does not address land use or building code impacts or issues arising from the resulting increase in cannabis cultivation within the city.

3. The purpose and intent of this chapter is to regulate the cultivation, preparation and distribution of medical cannabis in a manner that protects the public health, safety, and welfare of the community and mitigates for the cost to the community of the oversight of these activities.

B. Interpretation and Applicability

1. No part of this chapter shall be deemed to conflict with federal law as contained in the Controlled Substances Act, 21 U.S.C. Section 800 et seq., nor to otherwise permit any activity that is prohibited under that Act or any other local, state, federal law, statute, rule or regulation. The cultivation, preparation, and distribution of medical cannabis in the city is controlled by the provisions of this chapter of the Porterville Development Ordinance.

2. Nothing in this chapter is intended to, nor shall it be construed to, preclude a landlord from limiting or prohibiting cannabis cultivation, smoking or other related activities by tenants.

3. Nothing in this chapter is intended to, nor shall it be construed to, burden any defense to criminal prosecution otherwise afforded by California law.
4. Nothing in this chapter is intended to, nor shall it be construed to, exempt any cannabis related activity from any and all applicable local and state construction, electrical, plumbing, land use, or any other building or land use standards or permitting requirements.

5. Nothing in this chapter is intended to, nor shall it be construed to, make legal any cultivation, transportation, sale or other use of cannabis that is otherwise prohibited under California law.

6. SUBJECT: PROPOSED UPDATE TO ANNEXATION & MUNICIPAL SERVICES POLICIES AND PROCEDURES

SOURCE: Community Development Department- Planning Division

HISTORY: In 1986, the City Council adopted Resolution 33-86, establishing policies concerning annexation and extension of municipal services. Since that time, state and regional laws and policies have changed the regulatory framework of annexation and provision of municipal services. The current policy (Attachment 1) identifies objectives of future annexations, and outlines a step-by-step procedure for processing annexation requests. Most of this policy is fundamentally correct, and still in use by the Community Development Department. Over time, terminology has changed, as have City procedures, and staff has adapted the policy internally as needed.

COMMENT: With the pending amendment of the City’s Sphere of Influence by the Tulare Local Area Formation Commission (Tulare LAFCo), followed by the anticipated amendment to the County adopted Urban Development Boundary (UDB) for the City, the policy is due for detailed review and revisions. In addition, a recent increase in the number of requests for municipal water services has underscored the importance of clearly established and firmly implemented procedures.

Specifically, staff requires direction on the matter of extending municipal services beyond the City’s municipal boundaries, through a process commonly referred to as an “Extraterritorial Service Agreement.” The state allows for such an agreement in Section 56133 of the Government Code, subject to specific procedures and findings. The City’s current policy is outdated and inconsistent with California Government Code as well as Tulare LAFCo policy.

Over the last few years, the City has extended municipal services such as sewer, water, and storm drain connection to areas outside the city limits as long as the following conditions were met:

- The property in question was an existing single-family residence on a lot size not conducive to further development according to County lot minimum standards;
- The subject parcel was along the alignment of a City water (or sewer/storm drain) main;
- a request for municipal services is submitted to the Public Works Director;
- the land use is consistent with the City’s General Plan;
- a “Consent to Annexation” form was filed; and
• connection fees were paid in full.

In a situation meeting the above referenced conditions, a property owner could quickly connect to City services, and in times of urgent need - for example, if a private well failed - the current procedure could allow connection within just a few days. According to institutional memory, the City has not in the past coordinated with LAFCo to approve Extraterritorial Service Agreements prior to accommodating the connection of services for single-family residences.

In reviewing existing extraterritorial service extensions, staff has analyzed the parcels that meet the conditions identified above specific to water connections, and found that there are 1,094 parcels within the City’s proposed UDB that meet the criteria referenced above. There are 1,039 water connections outside the city limits. Of those, 832 meet the criteria referenced above. This leaves 207 water connections that have been established but do not meet the criteria, and 262 parcels that do meet the criteria but are not connected.

Possible explanations for this large number of extraterritorial water service connections include:

• At various times in the past, the City had acquired private water companies due to the private system either failing to meet supply needs, or failing to meet water quality standards;
• Certain subdivisions developed in the County did not annex but requested (and were approved for) municipal services;
Independent property owners' wells failed and requested connection, which was approved ministerially or per Council's approval, consistent with the existing policy.

Tulare LAFCo Policy C-6 does not prohibit extension of City services to properties outside the city limits, but it does require coordination with LAFCo per Government Code Section 56133. If the service request is within the City's adopted Sphere of Influence, the authorization may come from the Executive Officer on behalf of the Commission. Staff expects that future compliance with this requirement would result in little delay to the past practice of connecting a property owner quickly in times of urgent need.

While the City is fortunately equipped to provide certain municipal services beyond its jurisdictional boundaries on a limited basis, the expectation has long been that at such time a property (with municipal connections) was able to annex to the city, annexation would be pursued. This may be initiated by the applicants or by the City, and the presumption had been that with the signed "Consent to Annexation" form required in order to connect to municipal services, eventual annexation would not be debated by a property owner. Since that time, the City Attorney has counseled staff that the "Consent to Annexation" form is not legally binding. Instead, some other jurisdictions now require an "Irrevocable Agreement to Annex," which is an agreement recorded by grant deed that legally binds any future property owner to annexation at such time that an application to annex is processed.

For the most part, the City's original Annexation Policy Manual & Municipal Services Policy for Unincorporated Areas needs only minor adjustments to return to full compliance with the Government Code and Tulare LAFCo policies. However, the City's policy and procedures must be more clearly written as it relates to Extraterritorial Service Agreements in order to preserve the City's resources and ensure consistent implementation. In addition, staff and legal counsel would encourage the Council to consider implementation of a more legally binding "Irrevocable Agreement to Annex" instead of, or in addition to, the "Consent to Annexation" form.

With input from the Council on these important concepts, staff will make necessary adjustments and bring back a revised policy and procedures manual for adoption at the next meeting.

RECOMMENDATION: That the City Council:

1. Review the proposed resolution defining objectives and policies for annexations and municipal services;
2. Direct the Zoning Administrator to amend the annexation application to reflect updated codes and regulations, such as CEQA and the Cortese-Knox-Hertzberg Act; and
3. Provide direction relative to parameters for provision of extraterritorial services and implementation of an "Irrevocable Agreement to Annex."

ANNEXATION POLICY MANUAL

I. INTRODUCTION

The unincorporated territories abutting the City of Porterville, and those territories within the Urban Improvement Boundaries are termed the City's unincorporated "Fringe". The City of Porterville's unincorporated fringe is sizeable, measuring better than one-half of the City's present corporate land area.

II. HISTORY

The Porterville City Council by Resolution No. 33-86, adopted April 1, 1986, established the following policy concerning annexation to the City of Porterville.

"The City Council of the City of Porterville, California, recognizing that the City in order to grow for reasons of economies of scale and quality of services must expand its boundaries within reason, generally encourages the owners of properties contiguous to the City of Porterville to annex to said City of Porterville."

During the past twenty years rapid expansion of the City's boundaries has caused concern within City government about costs of extensions of public facilities and services. The City of Porterville has taken the position that the costs of all physical improvements within the City have been paid by property owners, and other taxes derived in the City, and, therefore, these same people should not be required to bear the expense of additional physical improvements needed to serve newly annexed areas.

III. OBJECTIVES

1. To provide for land development which will balance the current growth trend and allow a more manageable potential for the extension of public services and facilities.

2. To channel future growth into land more suitable for the development of urban pursuits as evidence by:

   a. Lower acreage bare land - costs.
b. Unsuitability of the clay type soils for agricultural pursuits other than citrus.

c. Scenic potential of hillside lands.

d. Need for public facilities to serve existing development.

3. To respond to transportation planning needs.

4. To provide a viable interface with land use planning modes, and the full implementation of the Porterville General Plan, as amended.

5. To obtain and correlate pertinent data and information from City, County, and State agencies, the private sector, and field surveys.

6. To determine for the area described in each petition/consent for annexation that the subject proposal will be considered upon its merits, what benefits would accrue to the City and to the area residents/property owners.

7. To equate said benefits applicable for each proposal, thereby determining a benefit balance or imbalance, and forming the basis for recommendation to the legislative body as to which areas, based on comparable standards, should be encouraged to annex to the City.

8. To identify the problems involved in any proposal considered for annexation.

9. To develop factual information to permit informed discussion between City representatives and property owners/residents of unincorporated territories.

IV. POLICY

As witnessed during past years, the community is experiencing intensive urban development, and it is anticipated this urbanization will continue at a fairly substantial rate.

The City Council of the City of Porterville hereby makes this statement of policy as a guide and rule in the annexing of properties to the City of Porterville:

1. It shall be the policy of the City Council to consider annexation proposals only within the Urban Development Boundary, which is defined as the City of Porterville Annexation Boundary.
2. It shall be the policy of the City Council to discourage single family one (1) lot annexation proposals, that may have an adverse fiscal impact on the City of Porterville.

3. It shall be the policy of the City Council that territory shall not be annexed to the City of Porterville, which as a result of such annexation, unincorporated territory is completely surrounded, or substantially surrounded by the City of Porterville.

4. It shall be the policy of the City Council that annexation proposals shall be in conformance with the Cortese-Knox Local Government Reorganization Act of 1985, as amended.

5. It shall be the policy of the City Council to consider each petition/consent for annexation upon its relationship to what economic benefits will accrue to the City of Porterville, and to the area residents/property owners.

6. It shall be the policy of the City Council that the costs of all physical improvements will be borne by the property owners/resident or developer.

7. It shall be the policy of the City Council to maintain the viability of agricultural productivity; i.e. protecting and conserving as much agricultural land as possible in the area surrounding the Porterville community.

8. It shall be the policy of the City Council that the applicant for present proposals to the Project Review Committee at the City Hall and explain the particulars of the area under consideration for possible annexation, including a plan for services.

RESOLUTION ______

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PORTERVILLE DEFINING OBJECTIVES AND POLICIES FOR ANNEXATIONS AND MUNICIPAL SERVICES

WHEREAS: The City of Porterville established a policy concerning annexation and provision of municipal services in 1986, noting that “the City, in order to grow for reasons of economies of scale and quality of services must expand its boundaries within reason, generally encourages the owners of properties contiguous to the City of Porterville to annex to said City of Porterville.”; and

WHEREAS: Since 1990, the population of the city of Porterville has increased 53% according to the California Department of Finance, and the land area of the city proper has increased by 38% according to City annexation records; and

WHEREAS: The City of Porterville accepts its responsibility to provide municipal services to those residents, businesses, and other land uses within the limits of city. The City of Porterville has taken the position that the costs of all physical improvements within the city have been paid by property owners, and other taxes derived in the city, and, therefore, these same people should not be required to bear the expense of additional physical improvements needed to serve newly annexed areas.

NOW, THEREFORE, BE IT RESOLVED, that the City Council of the City of Porterville does hereby define the following objectives related to annexations and municipal services:

1. To promote orderly development while discouraging urban sprawl, preserving open space and prime agricultural lands, and efficiently extending government services.

Mayor of the City of Porterville
SUBJECT: AWARD OF CONTRACT – RECLAMATION AREA LEASE

SOURCE: Public Works Department – Field Services Division

COMMENT: On August 5, 2014, Council directed Public Works to solicit proposals from experienced farming entities for the lease of the City’s Reclamation Area. The lease consists of 682.4 acres, of which 594.62 acres is leveled and under irrigation; the remaining 87.78 acres require maintenance by the lessee.

On September 4, 2014, Public Works received two proposals from local farming entities. It was quickly noted that an addendum requiring the signature of each proposer was missing from the Nuckols Farming proposal. The proposals were discussed in detail with the Reclamation Area Subcommittee and rated by staff members of the subcommittee based on the four (4) categories noted below.

1. Farming experience & financial condition of the applicant (25 pts.)
2. Marketing & sales experience (5 pts.)
3. Annual lease by proposer (40 pts.)
4. Recycled water & biosolid application experience (30 pts.)

The proposer’s average score and rank, shown below, did not take into account the significance of the unsigned document.

Nuckols Farming submitted a $239 per acre proposal, which equates to an annual lease of $163,094 on the full 682.4 acres. The lease amount over the life of the contract (5 years) equals $815,468. However, as noted above, the Nuckols proposal did not include the required signed addendum #1.

Rick Perigo Roadsiding submitted a $165 per acre proposal, which equates to $112,586 on the full 682.4 acres. The lease amount over the life of the contract equals $562,980.
The City Attorney has reviewed the situation, and if the lease was being administered as a Public Works Contract, the unsigned addendum would cause the Nuckols Farming proposal to be considered non-responsive. However, the lease is being administered as a Professional Services Contract, thus the Council has the authority to waive the requirement and consider the proposal as responsive. As such, the Council has three options:

Option 1) Affirm that the City received one responsive proposal from Rick Perigo Roadsiding in the amount of $112,586 annually and that Council award said farm lease contract to Rick Perigo Roadsiding.

Option 2) Waive the lack of a signed addendum #1 by Nuckols Farming, have Robert Nuckols submit the required signed addendum #1, and award the farm lease contract to Nuckols Farming in the amount of $163,094 annually.

Option 3) Reject all proposals as the City originally received only one responsive proposal and re-advertise the farm lease RFP. This option, although not ideal, is possible but with the following concerns:

a) The proposal amounts have been disclosed in an open forum and therefore, short of modifying the RFP to reflect a different project, the apparent high proposer may claim he was disadvantaged.

b) The apparent low proposer may claim that he followed all instructions as directed by the City and therefore, his proposal should be the only proposal considered for award.

c) Re-advertising does not guarantee that the City will receive proposals from either party and almost certainly, the short advertisement period will preclude other proposers from submitting proposals.

RECOMMENDATION: That the City Council:

1. Consider the lack of a signed addendum as non-responsive and accept Rick Perigo Roadsiding's proposal of $165 per acre, for an annual amount of $112,596 for 682.4 acres as the top proposal;
2. Approve the lease agreement between the City of Porterville and Rick Perigo Roadsiding; and

3. Authorize the Mayor to sign a five (5) year lease agreement with Rick Perigo Roadsiding and stipulate that the lease agreement start date shall be November 1, 2014, and the lease agreement end date shall be October 31, 2019.

OR

1. Waive the lack of a signed addendum and accept Nuckols Farming proposal of $239 per acre, $163,094 for 682.4 acres as the top proposal;

2. Approve the lease agreement between the City of Porterville and Nuckols Farming; and

3. Authorize the Mayor to sign a five (5) year lease agreement with Nuckols Farming and stipulate that the lease agreement start date shall be November 1, 2014, and the lease agreement end date shall be October 31, 2019.

Lessee shall not perform any work under this Agreement until Lessee has obtained all insurance required under this Paragraph and the required certificates of insurance have been filed with and approved by the City. Lessee shall pay any deductibles and self-insure retentions under all required insurance policies.

20.1. Workers Compensation and Employer's Liability Insurance Requirement – Lessee shall submit written proof that lessee is insured against liability for workers' compensation in accordance with the provisions of section 3700 of the Labor Code.

20.1.1. In signing this Agreement, Lessee makes the following certification, required by section 1861 of the Labor Code.

20.1.2. “I am aware of the provision of section 3700 of the Labor Code which require every employer to be insured against liability for workers’ compensation or to undertake self-insurance in accordance with the provision of that code, and I will comply with such provisions before commencing the performance of the work of this Agreement.”

20.1.3. Lessee shall require any sub-contractors to provide workers' compensation for all to the subcontractors' employees, unless the sub-contactors' employees are covered by the insurance afforded by Lessee.

20.1.4. If any class of employees engaged in work or services performed under this Agreement is not covered by Labor Code section 3700, Lessee shall provide and/or require each sub-contractor to provide adequate insurance for the coverage of employees not otherwise covered.

20.1.5 Lessee shall also maintain employer’s liability insurance with limits of two million dollars ($2,000,000) for bodily injury or disease.

20.2. Liability Insurance Requirements:

20.2.1. Lessee shall maintain in full force and effect, at all times during the term of this Agreement, the following insurance:

20.2.1.1. Commercial General Liability Insurance, including, but not limited to, Contractual Liability Insurance (specifically concerning the indemnity provision of this Agreement), Products-Competed Operations Hazard, Liquor Liability, Personal Injury (including bodily injury and death), and Property Damage for liability arising out of Lessee's performance of work under this Agreement. Said insurance coverage shall have minimum limits for Bodily Injury and Property Damage liability of two million dollars ($2,000,000) Combined Single Limit (CSL) each occurrence and two million dollars ($2,000,000) aggregate and shall include an endorsement naming the City and the City's council members, officials, officers, agents and employees as additional insured for liability arising out of this Agreement and any operations related thereto.

20.2.1.2. Automobile Liability Insurance against claims of Personal Injury (including bodily injury and death) and Property Damage cover all owned, leased, hired and non-owned vehicles used in the performance of services pursuant to this Agreement with minimum limits for Bodily Injury and Property Damage liability of one million dollars ($1,000,000) each occurrence and shall
include an endorsement naming the City and the City’s council members, officials, officers, agents and employees as additional insured for liability arising out of this Agreement and any operations related thereto.

20.2.2. If any of the insurance coverage required under this Agreement is written on a claims-made basis, the insurance policy shall provide an extended reporting period of not less than four (4) years following the termination of this Agreement or completing of Lessee’s work specified in this Agreement, whichever is later.

20.2.3. Prior to Lessee commencing any of its obligations under this Agreement, evidence of insurance in compliance with the requirements above shall be furnished to the City by Certificate of Insurance naming the City as “additional insured”. Receipt of evidence of insurance that doesn’t comply with above requirements shall not constitute a waiver of the insurance requirements set forth above.

20.3. Cancellation of Insurance – The above stated insurance coverage required to be maintained by Lessee shall be maintained until the completion of all the Lessee’s obligations under this Agreement, and shall not be reduced, modified, or canceled without thirty (30) days prior written notice to the City. Lessee shall immediately obtain replacement coverage for any insurance policy that is terminated, cancelled, non-renewed, or whose policy limits have been exhausted or upon insolvency of the insurer that issued the policy.

20.4. All insurance shall be issued by a company or companies admitted to do business in California and listed in the current “Best’s Key Rating Guide” publication with a minimum of an “A-VII” rating. Any exception to these requirements must be approved by the City Risk Manager, or the City employee with Risk Management responsibilities.

20.5. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve Lessee for any liability, whether within, outside, or in excess of such coverage, and regardless of solvency or insolvency of the insurer that issues the coverage; nor shall it preclude the City from taking such other actions as are available to it under any other provision of this Agreement or otherwise in law.

20.6. Failure by Lessee to maintain all such insurance in effect at all times required by this Agreement shall be a material breach of this Agreement by Lessee. The City, at its sole option, may terminate this Agreement and obtain damages from Lessee resulting from said breach. Alternatively, the City may purchase such required insurance coverage, and without further notice to Lessee, the City shall deduct from sums due to Lessee any premiums and associated costs advanced or paid by the City for such insurance. If the balance of monies obligated to Lessee pursuant to this Agreement are insufficient to reimburse the City for the premiums and any associated cost, Lessee agrees to reimburse the City for the premiums and pay for all costs associated with the purchase of said insurance. Any failure by the City to take this alternative action shall not relieve Lessee of its obligation to obtain and maintain the insurance coverage required by this Agreement.

21. Assignment, Subletting, Merger

21.1. Assignment by Lessee of any or all rights under this Agreement may only occur upon written consent of the City.

21.1.1. Lessee shall submit to the City a written request for assignment or to sublet and provide any information about the proposed assignee or party to sublet that the City may require.
21.1.2. Lessee shall submit in advance a non-refundable sum of $2,500 to the City for each request for assignment or sublet in order to cover costs for processing such request.

21.1.3. The City shall answer Lessee’s request for assignment or sublet within 60 days of receipt of such notification by Lessee.

21.1.4. The City may reject the proposed assignment or sublet for any reason and, if so and notwithstanding Paragraph 21.1.2 herein above, the City shall refund $1,500 to lessee.

21.2. At least 120 days in advance of any proposed merger between Lessee and a corporation or any other entity, Lessee shall provide to the City written notice of its intention to participate in such merger and provide any information required by the City in regards to the merger.

21.3 This Agreement shall be binding upon and shall inure to the benefit of the heirs, administrators, executors, successors and assigns of the respective parties hereto.

22.1.2. By order or decree of a court, Lessee shall be adjudged bankrupt, or an order shall be made approving a petition filed by any other creditors seeking its reorganization of its indebtedness under federal bankruptcy laws, or under any law or statute of the United States, or any state thereof and such act prevents Lessee from conducting its operations under this Agreement for a period of thirty (30) calendar days or more.

22.1.4. Pursuant to or under authority of any legislative act, resolution or rule or any offer or decree of any court, governmental board, agency, or officer having jurisdiction, a receiver, trustee, or liquidator shall take possession or control of all or substantially all of the property of lessee, and such possession or control shall continue in effect for a period of ninety (90) days and prevents Lessee from conducting its operations under this Agreement for a period of thirty (30) calendar days or more.

22.1.5. Any lien (including, without limitation, mechanic’s and materials’ liens) is filed against the Premises because of any act or omission of lessee and is not removed within thirty (30) day.

22.1.6. Lessee’s voluntary abandonment, desertion, vacating, or discontinuation of its operations as authorized by this Agreement.

22.1.7. Failure to perform any term, covenant, or condition of this Agreement.
22.1.8. Lessee fails to punctually make any payments due to the City under this Agreement.

22.3. The remedies given to the City in Paragraph 22.2 shall be in addition and supplement to all other rights or remedies that the City may have under the laws then in force.

22.4. Lessee hereby waives any and all rights for redemption granted by or under any present or future law, or statute, arising in the event it is evicted or dispossessed for any cause or in the event the City obtains or retains possession of the Premises in any lawful manner.

22.5. No waiver the City of any default or breach on the part of Lessee in the performance of any of the terms, covenants, or conditions hereof to be performed, kept, or observed by Lessee shall be or be construed to be a waiver by the City of any other or subsequent default or breach in performance of any of said terms, covenants, or conditions contained in this Agreement.

22.5.1. The subsequent acceptance of rent by the City shall not be deemed a waiver of any preceding breach by Lessee of any term, covenant or condition of this Agreement, including the failure of Lessee to pay the particular rental so accepted, regardless of the City's knowledge of such preceding breach at the time of acceptance of such rent.

22.5.2. No covenant, term or condition of this Agreement shall be deemed to have been waived by the City, unless the City provides such waiver in writing.

23. Negation of Partnership

SUBJECT: CONSIDERATION OF SCHEDULING CITY COUNCIL GOAL AND PRIORITY SETTING

SOURCE: City Manager

COMMENT: For the past several years, the City Council has not met to develop and establish the City’s annual goals and priorities. In past years, the Council has employed a project-driven approach for setting of priorities, with the Council identifying specific projects for particular attention and focus. In support of this approach, City staff has served as the facilitator, with the establishment of priority projects being determined by the Council with voting by “dots”.

As opposed to a specific project-driven process, the Council has also used in the past a goal setting approach in taking a more broad community focus. Typically, such goal setting has been facilitated by a non-City individual. The Council could consider this methodology to goal setting again, and for example, use the City’s General Plan and soon to be updated Urban Development and Urban Area Boundaries as the basis for establishing goals. Under this format, the Council may also wish to consider inviting community representatives to participate.

There may be other approaches to goal and priority setting that the City Council may wish to consider, given the extensive background and varied experience of its members, and nothing precludes using a different methodology in the future.

The request of staff to the Council is to consider the scheduling of a goal and priority setting session, and define an approach for goal setting and/or priority project selection, and to give direction to staff in how to best assist and support in the preparation for the selected process.

RECOMMENDATION: That the City Council provide direction in the scheduling and method toward setting of goals and priorities, to be employed in a goal setting session to be scheduled as determined by the Council.

Item No. 18
SUCCESSOR AGENCY AGENDA: SEPTEMBER 16, 2014

SCHEDULED MATTER

SUBJECT: SUCCESSOR AGENCY REVIEW AND APPROVAL OF PROPOSED ADMINISTRATIVE BUDGET

SOURCE: COMMUNITY DEVELOPMENT DEPARTMENT

COMMENT: Health & Safety Code Section 34177(j), as modified by AB 1484, requires the Successor Agency to the Porterville Redevelopment Agency ("Successor Agency") to prepare a proposed Administrative Budget covering the upcoming six-month fiscal period, which will be January 1, 2015, through June 30, 2015, (i.e., concurrent with the Recognized Obligation Payment Schedule {"ROPS"} 14-15B) and submit it to the Oversight Board for approval. To date, the Successor Agency previously prepared and approved, and the Oversight Board reviewed and approved, Administrative Budgets through January 1, 2015.

Pursuant to the Dissolution Act (Parts 1.8 and 1.85 of Division 24 of the Health & Safety Code), each ROPS includes a line item for the Successor Agency’s Administrative Budget for the applicable period, and AB 1484, which amended the Dissolution Act on June 27, 2012, requires that the ROPS 14-15B for the period January 1, 2015, to June 30, 2015, shall be approved by the Successor Agency and Oversight Board and submitted to the Department of Finance ("DOF") by October 1, 2014.

The Administrative Budget is required to set forth all of the following: (1) Estimated amounts for Successor Agency administrative costs for the upcoming six-month fiscal period; (2) Proposed sources of payment for the costs identified in paragraph (1); and (3) Proposals for arrangements for administrative and operations services provided by a city, county, city and county, or other entity. AB 1X 26 specifies that successor agencies may spend up to $250,000 of the former tax increment revenues for annual administrative expenses.

Under Section 34177(k) of the Dissolution Act, upon approval of the Administrative Budget by the Oversight Board, the Successor Agency will provide to the County of Tulare Auditor Controller the administrative cost estimates from the approved Administrative Budget that are to be paid from property tax revenues deposited into the Redevelopment Property Tax Trust Fund (RPTTF) for such period.

Pursuant to Section 34179(h) of the Dissolution Act, as amended by AB 1484, written notice and information about all actions taken by the Oversight Board must be provided to the DOF by electronic means and in a manner of DOF’s choosing.

DD [Signature] APPROPRIATED/FUNDED [Signature] CM [Signature] ITEM NO. [Signature]
An Oversight Board’s action shall become effective five (5) business days after notice in the manner specified by the DOF, unless the DOF requests a review; provided, however, pursuant to Section 34177(m) as to each ROPS submitted to the DOF of which an Administrative Budget is a part, the DOF shall make its determination of the enforceable obligations and the amounts and funding sources of the enforceable obligations on each ROPS submitted no later than 45 days after submittal.

RECOMMENDATION: That the Successor Agency adopt a Resolution approving the Administrative Budget for the period of January 1, 2015, through June 30, 2015 and direct Successor Agency staff to submit the Administrative Budget to the Oversight Board.

ATTACHMENTS:
1. Proposed Administrative Budget
2. A Resolution of the Successor Agency to the Porterville Redevelopment Agency Approving the Administrative Budget Pursuant to Health & Safety Code Section 34177(j) and Directing Transmittal of the Administrative Budget to the Oversight Board

(Note that the action of the Oversight Board to approve the ROPS 14-15B shall not become effective for 45 days after the ROPS has been submitted to the DOF.)

SCHEDULED MATTER

SUBJECT: REVIEW AND APPROVAL OF DRAFT RECOGNIZED OBLIGATION PAYMENT SCHEDULE (ROPS)

SOURCE: COMMUNITY DEVELOPMENT DEPARTMENT

COMMENT: As of February 1, 2012, the Porterville Redevelopment Agency ("Agency") was dissolved and the City Council assumed the responsibility of acting and serving as the governing body of the "Successor Agency," a separate legal entity from the City, pursuant to Parts 1.8 and 1.85 of Division 24 of the Health & Safety Code ("Dissolution Act"). The Dissolution Act requires the Successor Agency to administer the enforceable obligations of the former Agency and otherwise unwind the Agency's affairs subject, where applicable, to the review and approval by the seven-member Oversight Board.

On June 27, 2012, the Legislature passed, and the Governor signed, AB 1484. The primary purpose of AB 1484 is to make technical and substantive amendments to the Dissolution Act. Included in AB 1484 was a change to the schedule for adoption of a Recognized Obligation Payment Schedule ("ROPS") for the period ending June 30, 2013, and all subsequent ROPS. The California Department of Finance ("DOF") implemented a new ROPS naming convention to be associated with the fiscal year that the ROPS is related to and the time period (A-the first half of the fiscal year and B-the second half of the fiscal year). Under AB 1484, a Successor Agency and its Oversight Board are required to submit the ROPS 14-15B by October 1, 2014, for the December 1st distribution of the semi-annual Redevelopment Property Tax Trust Fund (RPTTF) distribution.

Pursuant to Section 34177(l)(1) of the Dissolution Act, for each recognized obligation, the ROPS 14-15B shall identify one or more of the following sources of payment:

(A) Low and Moderate Income Housing Fund.

(B) Bond proceeds.

(C) Reserve balances.

(D) Administrative cost allowance.

(E) The RPTTF, but only to the extent no other funding source is available or when payment from property tax revenues is required by an enforceable obligation.

APPROPRIATED/FUNDED

ITEM NO. SA-2
(F) Other revenue sources, including rents, concessions, asset sale proceeds, interest earnings, and any other revenues derived from the former redevelopment agency, as approved by the Oversight Board.

The draft ROPS 14-15B, included as Attachment No. 1, includes comparable listings of Enforceable Obligations as were set forth in the DOF-approved first, second and third ROPS and subsequent ROPS 13-14B. The DOF approved the Finding of Completion for the Successor Agency. With this approval, the Successor Agency was allowed to place loan agreements between the former redevelopment agency and the City on the ROPS as an enforceable obligation pursuant to the criteria in Health and Safety Code Section 34191.4. The Finding of Completion also allows the Successor Agency to utilize remaining bond proceeds.

Section 34177(l)(2)(B) of the Dissolution Act requires the Successor Agency to submit the ROPS 14-15B to the Oversight Board for approval, and concurrently with the submission of the ROPS to the Oversight Board, the Successor Agency is required to transmit the ROPS 14-15B to the County Administrative Officer, the County Auditor-Controller, and the DOF. Section 34177(l)(2)(C) requires that, once the Oversight Board has approved the ROPS 14-15B, the ROPS 14-15B be sent to the County Auditor-Controller, the State Controller’s Office, the DOF, and that the ROPS 14-15B be posted on the Successor Agency’s website.

Section 34177(m) of the Dissolution Act requires the Successor Agency to complete the Third ROPS and each subsequent ROPS in the manner directed by the DOF. The DOF provides a pre-populated ROPS template and instructions for the ROPS 14-15B. As the format is still relatively new, staff recommends that the Successor Agency review and approve the ROPS 14-15B as provided and authorize the Successor Agency’s Executive Director, and/or the Finance Director or their authorized designees, to also augment, modify, add or revise the ROPS 14-15B as may be necessary to comply with requirements imposed by the DOF.

RECOMMENDATION: That the Successor Agency adopt a Resolution approving the Recognized Obligation Payment Schedule 14-15B for the period of January 1, 2015, through June 30, 2015, provided that should any modification be required to the ROPS 14-15B by the DOF, the Executive Director and/or the Finance Director shall be authorized to make any augmentation, modification, additions or revisions as may be necessary to conform the ROPS 14-15B to requirements imposed by the DOF and direct Successor Agency staff to submit the ROPS 14-15B to the Oversight Board.

2. A Resolution of the Successor Agency to the Porterville Redevelopment Agency Approving the Recognized Obligation Payment Schedule (ROPS 14-15B) for the Period January 1, 2015, to June 30, 2015, Subject to Submittal to, and Review and Approval by, the Oversight Board and California Department of Finance pursuant to California Health & Safety Code, Division 24, Part 1.85, as amended by Assembly Bill 1484; and Authorizing Posting and Transmittal Thereof.

(Note that the action of the Oversight Board to approve the ROPS 14-15B shall not become effective for 45 days after the ROPS has been submitted to the DOF.)
