The City’s self-funded healthcare plan’s assets held in the Risk Management Fund have gradually depleted over the course of the last several years. This is attributed to expenditures increasing while fund contributions have remained static. The increasing medical costs are primarily driven by the implementation of the Affordable Care Act. In order to address the fund deficiencies, the City has made healthcare its primary focus in negotiations with the City’s bargaining units. The City has proposed cost-saving amendments as well as increased contributions by employees and dependents. As a part of this comprehensive solution, staff further proposes increased departmental contributions into the fund.

The last change in the City-paid medical benefits was back in June of 2005. Staff proposes the following changes to the City’s contribution to the Health Benefit Plan assets:

<table>
<thead>
<tr>
<th>Current Departmental Contribution</th>
<th>Proposed Departmental Contribution</th>
</tr>
</thead>
<tbody>
<tr>
<td>Employee $300/mo</td>
<td>Employee $700/mo</td>
</tr>
<tr>
<td>Employee +1 $450/mo</td>
<td>Plus Spouse $700/mo</td>
</tr>
<tr>
<td>Employee +2+ $675/mo</td>
<td>Plus Children $700/mo</td>
</tr>
<tr>
<td></td>
<td>Plus Family $700/mo</td>
</tr>
</tbody>
</table>

The estimated total cost of the proposed increase is approximately $670,000 annually. The General Fund portion of this cost is about 70%. Staff feels very strongly that this increase is necessary to support the City’s self-funded healthplan and to avert a deficit in the Risk Management Fund. Staff therefore recommends that the City Council approve the proposed change in City-paid medical benefits effective October 1, 2014 and authorize the necessary budget adjustments to the Departments’ appropriations.

RECOMMENDATION: That the City Council approve the increase in City-paid medical benefits effective October 1, 2014 and authorize the necessary budget adjustments.
SUBJECT: PURCHASE OF USED TRACTOR

SOURCE: Police Department

COMMENT: The Porterville Police Department Firearms Training Facility consists of approximately seven acres of land. Aside from the firing range, which consists of concrete and three large earth berms, there is also approximately two acres of lawn and trees and approximately two acres of open land.

This property is utilized for firearms training for the Porterville Police Department and multiple other agencies. It is additionally utilized for training of K-9s, SWAT personnel, and other miscellaneous events.

The property is completely maintained by Porterville Police Department staff. Regular maintenance includes mowing, pruning of trees, disking weeds for fire prevention, etc. In order to properly maintain the facility, staff has routinely borrowed tractors from other City departments. Purchase of a new tractor and necessary attachments did not seem feasible or practical because of the cost.

Staff recently located a used tractor at Farmer's Tractor Supply that is equipped with all attachments necessary to maintain the facility (5' rotary mower, 3-pt disc, front loader, etc.). This tractor is reasonably priced at $15,984 and would meet the maintenance needs of the training facility for many years to come.

Funding for this purchase is currently available through the Department's Federal Asset Forfeiture account.

RECOMMENDATION: That the City Council:

1) Authorize the Police Department to purchase a used Kubota tractor from Farmer's Tractor Supply per attached quote.

FOB PORTERVILLE
SUBJECT: AUTHORIZATION TO EXECUTE CONSULTANT SERVICE AGREEMENTS – SURVEYING SERVICES

SOURCE: Public Works Department - Engineering Division

HISTORY: Almost all capital improvement projects administered by the City of Porterville require construction surveying services. Over the past 10 plus years, staff has written language in the contract documents that require the contractor to hire a Civil Engineer or Land Surveyor for these services. The language used by staff is not uncommon and similar to what other Tulare County agencies place in their contract documents. Recently, a Tulare County agency was challenged on the legality of a contractor securing professional surveying services.

The State of California Board of Professional Engineer, Land Surveyors, and Geologists, the governing board tasked with ensuring compliance with the Business and Professional Code (B & P C), got involved with this challenge. B & P C §8726 and B & P C §8729 provides definitions for services rendered by a land surveyor. The board ruling states that the hiring of professional services by a contractor is not in compliance with the stated B & P C.

Furthermore, the hiring of a land surveyor by a contractor bidding a public works project circumvents Government Code, §4526, commonly known and referred to as California's "Little Brooks Act." This "Act" requires all professional services contracted by a state or local agency to be based on competency and qualification standards. The City's past specification writings do not ensure that the approved contractor or the City is selecting a professional land surveyor in accordance with these standards.

COMMENT: In order to comply with California's "Little Brooks Act," staff contacted the local civil engineering firms and requested resumes of the individual(s) involved in land surveying within their firm and a fee schedule for these services. The local firms have the requisite experience and staff to accommodate the needs of the City of Porterville. Resumes and fee schedules are attached for Council's reference. The most applicable portion of the fee schedules are summarized below:
Local Firm | Fee Schedule Amount
--- | ---
James Winton & Associates | Land Surveyor: $100/hr.
 | 2-Man Survey Crew: $260/hr.
Roberts Engineering | Land Surveyor: $180/hr.
 | 2-Man Survey Crew: $260/hr.
Dee Jaspar & Associates | Land Surveyor: $130/hr.
 | 2-Man Survey Crew: $230/hr.
Four Creeks | Land Surveyor: $115/hr.
 | 2-Man Survey Crew: $225/hr.

Staff is seeking authorization to enter into Service Agreements with each firm for surveying services on a rotational basis. Staff will seek surveying services from the firms in the order listed above. If a financial agreement can be negotiated based on project specifics and the firm has the capacity to meet the project schedule, the project will be awarded to that firm.

Consequently, if the firm and staff are unable to reach an agreement for the surveying services and/or the project schedule, the City will seek services from the next firm in line. In the case where a firm is passed by, the next project will be presented to that firm in hope of agreeing upon a fee and schedule. This selection process will continue for each project with the goal of equally distributing the surveying services to each firm as needed by the City.

On occasion, staff may also seek the services of these firms to perform topographical surveys which are necessary for nearly all capital improvement projects. There may also be times when the firm is needed for other services, such as, but not limited to, boundary surveys, re-establishment of destroyed monuments, updating the City's horizontal and vertical datum, etc. The goal is to obtain any and all necessary surveying services so as to expedite capital improvement projects and maintenance of survey records published by the Engineering and Building Division of the Public Works Department.

RECOMMENDATION: That the City Council:

1. Authorize the Mayor to execute the Consultant Service Agreements with each firm at the presented fee schedules;

2. Authorize progress payments up to 100% of the agreed upon fee amounts; and
3. Authorize a 10% contingency to cover unforeseen costs.

SUBJECT: AUTHORIZATION TO ADVERTISE FOR BIDS – NEWCOMB STREET SHOULDER STABILIZATION

SOURCE: Public Works Department - Engineering Division

COMMENT: Plans and Project Manual have been prepared by Dee Jaspar and Associates for the Newcomb Street Shoulder Stabilization Project. The project consists of the installation of curb, gutter, sidewalk, roadway drainage, asphalt concrete paving, and other appurtenant construction along Newcomb Street from Olive Avenue to a location midway between Forest Avenue and Roby Avenue.

The Plans and Project Manual have been completed and are available in the Pete V. McCracken Conference Room for Council’s review.

Staff modified the consultant’s estimate to better reflect recent bids and in order to effectively obtain Caltrans authorization (E-76) to move into the construction phase. The attached estimate reflects staff’s sole involvement in preparing the Engineer’s Estimate of Probable Cost. The Engineer’s Estimate of Probable Cost for construction is $898,375. An additional $89,837.50 is necessary for construction contingency (10%). It is anticipated that an additional $71,870 is required for construction management, construction surveying, quality control and inspection services (8%) for a total estimated project cost of $1,060,082.50.

Staff was successful in securing additional CMAQ funds during the E-76 process. The amount was well in excess of what was originally anticipated and documented in 2014/2015 Annual Budget. The CMAQ funds combined with the allocated Measure R and Local Transportation Funds result in a wholly funded project.

As a reminder, in the past, contractors awarded a City project would have hired their own land surveyors, but now staff must directly engage the services of a land surveyor for projects because of the recent ruling by the State of California Board of Professional Engineers, Land Surveyors, and Geologists that the hiring of professional services by a contractor is not in compliance with the Business and Professional Code Sections 8726 and 8729.
RECOMMENDATION: That City Council:

1. Approve Staff's recommended Plans and Project Manual;

2. Authorize Staff to advertise for bids on the project; and

3. Authorize the City Engineer to negotiate a Construction Surveying Service Agreement with one of the local firms.

SUBJECT: AUTHORIZATION TO ADVERTISE FOR BIDS - OAK AVENUE TRANSPORTATION ENHANCEMENT (TE) PROJECT

SOURCE: Public Works Department - Engineering Division

COMMENT: Quad-Knopf has completed the design of an enhanced sidewalk project along the south side of Oak Avenue between Main Street and the Rails to Trails Parkway east of Fourth Street. The project includes a red brick stamped concrete sidewalk pattern, street trees, benches, trash receptacles and nostalgic street lights that match the Main Street downtown theme, and the painting of a mural representing historic Porterville.

The Plans and Project Manual have been completed and are available in the Pete V. McCracken Conference Room for Council’s review.

Staff modified the consultant’s estimate to better reflect recent bids and in order to effectively obtain Caltrans authorization (E-76) to move into the construction phase. The attached estimate reflects staff’s sole involvement in preparing the Engineer’s Estimate of Probable Cost. The Engineer’s Estimate of Probable Cost for construction is $445,078.71. An additional $44,507.87 is necessary for construction contingency (10%). It is anticipated that an additional $39,166.93 is required for construction management, construction staking, quality control and inspection services (8.8%) for a total estimated project cost of $528,753.51.

Street light spacing will be similar to Main Street and includes the installation of seventeen (17) new street lights. SCE will install and maintain the new nostalgic street lights. Underground conduit installation is a component of the bid package. SCE costs for installing the new street lights is $67,136.71 and is included in the total estimated project cost.

Staff has secured TE funding in the amount of $224,000 for this project. These funds in addition to the fiscal year 14/15 allocated Measure R and Local Transportation Funds result in a wholly funded project.

As a reminder, in the past, contractors awarded a City project would have hired their own land surveyors, but now staff must directly engage the services of a land surveyor for projects because of the recent ruling by the State of California Board of Professional Engineers, Land Surveyors, and Geologists that the hiring of professional services by a contractor is not in compliance with the Business and Professional Code Sections 8726 and 8729.
RECOMMENDATION: That City Council:

1. Approve Staff's recommended Plans and Project Manual;

2. Authorize Staff to advertise for bids on the project;

3. Authorize the City Engineer to sign the SCE application and issue a $67,136.71 payment; and

4. Authorize the City Engineer to negotiate a Construction Surveying Service Agreement with one of the local firms.

SUBJECT: AWARD OF CONTRACT – MISCELLANEOUS CONCRETE AND STREET REPAIR PROJECT (PUTNAM ALLEY BETWEEN D STREET AND HOCKETT STREET, AND SECOND STREET BETWEEN MILL AVENUE AND OAK AVENUE)

SOURCE: Public Works Department - Engineering Division

COMMENT: On September 10, 2014, staff received three (3) bids for the Miscellaneous Concrete and Street Repair project. The proposed project reconstructs the south Putnam Avenue alley entrance between Hockett Street and D Street. The alley approach will include new ADA compliant ramps. The project also consists of repairing a portion of asphalt along the west half of Second Street between Mill Avenue and Oak Avenue. This portion of work also includes two add alternates, in which the alternates incorporate the removal and replacement of the curb, gutter, and sidewalk.

The Engineer's Estimate of Probable Cost for the base bid plus the "add alternates" is $47,471.00. The low bid of $35,751 for the project is 24.7% below the Engineer's Estimate. An additional $3,571.10 is required for the construction contingency (10%). It is anticipated that an additional $5,000.00 is required for construction management, quality control, inspection services and in-house surveying (14%). The total estimated cost for the project is $44,322.10.

Funding for the project was allocated in the Miscellaneous Curb and Gutter project as approved in the 2014/2015 Annual Budget, and Special Gas Tax Funds is the funding source.

The bids with the add alternates are as follows:

<table>

Staff has found the low bid acceptable.
RECOMMENDATION: That the City Council:

1. Award the Miscellaneous Concrete and Street Repair project to JT2 dba Todd Companies, in the amount of $35,751.00;

2. Authorize progress payments up to 95% of the contract amount; and

3. Authorize a 10% contingency to cover unforeseen construction costs.

SUBJECT: RATIFICATION OF EMERGENCY EXPENDITURES – REPAIR OF WELL #6 AND REPAIR OF THE WASTE WATER TREATMENT FACILITY BLOWER #4

SOURCE: Public Works Department - Engineering Division

COMMENT: During the month of September 2014, the City experienced problems with Well #6 located at 437 W Kanai and with Blower #4 at the Waste Water Treatment Facility (WWTF). Both problems required quick repair work to prevent potential health and safety issues. City Code 2-38, Emergency Expenditures/Appropriations, authorizes an expenditure of up to $100,000 in an extraordinary emergency for the preservation of the public peace, health, or safety. Pursuant to City Code 2-38, these circumstances were communicated to the Mayor by the City Manager and the expenditure was approved by the Mayor due to the extraordinary emergency of the situation. A copy of City Code 2-38 is attached for your reference.

The motor on Well #6 failed and had to be taken offline. The Water Division contacted Valley Pump & Dairy and received a “not to exceed” quote of $24,500 to replace the motor, install new pump bowls, 60’ of new casing and replace 20’ of damaged casing. Well #6 is a 550 gallon per minute well and taking it offline would not have normally caused a problem, but unfortunately Well #21, located across from the Police Department, was also taken offline due to rising nitrate levels.

Each year, Well #21 is brought online to help meet high water demands during the summer. After continuous service Well #21 sometimes experiences higher than acceptable nitrate levels. Staff carefully monitors this situation and when nitrate levels approach the maximum contaminate level (MCL), the well is taken offline. Having Well #6 and Well #21 offline for an extended period of time would have presented some water pressure issues adversely affecting businesses and the hospital that rely on minimum City-wide pressure to activate sprinkler systems.

Regarding Blower #4, this piece of equipment is one of three blowers that continuously inject air into the influent (gray water) as part of the treatment process. Two blowers must operate at all times to maintain the proper air-to-influent volume ratio with the third blower on standby.

During the week of September 22, 2014, Blower #4 developed a strong vibration and was taken offline to prevent serious damage. The two remaining blowers were pressed into service with no “standby” capacity available. Abacus IMT provided a “not to exceed” quote of $25,000 to fix
Blower #4. The decision was made to proceed with the repair due to the fact that the loss of either remaining blower would bring the WWTF to a halt. It should be noted that a new blower costs between $54,000 and $58,000, and takes approximately six weeks to deliver and install.

RECOMMENDATION: That the City Council:

1. Ratify that the repair of Well #6 and the repair of Blower #4 were necessary and met the emergency criteria as promulgated in Article VII, Section 2-38 of the City Code;

2. Direct the Finance Director to initiate a Purchase Order to Valley Power and Abacus IMT in the amounts not to exceed $24,500 and $25,000 respectively; and

3. Direct the Finance Director to make payment to Valley Power and Abacus IMT upon receipt of invoices approved by the Public Works Director.

An appropriation and/or expenditure of up to one hundred thousand dollars ($100,000.00) is authorized without additional prior council approval, if: a) the city manager has requested that such an appropriation/expenditure be made; b) the mayor has determined that the circumstances for the request constitute an extraordinary emergency, meaning that there is an immediate need to make such appropriation/expenditure for the preservation of the public peace, health or safety; and c) the city manager notifies the council of the specific appropriation/expenditure in writing. (Ord. 1704 § 1, 10-3-2006)
SUBJECT: REQUEST FOR SPECIALIZED SERVICES WITH TESCO CONTROLS

SOURCE: Public Works Department – Wastewater Treatment Facility

COMMENT: The City of Porterville Wastewater Treatment Facility (WWTF) uses a Supervisory Control and Data Acquisition (SCADA) system that monitors and controls the entire wastewater treatment processes. The SCADA system acquires equipment and instrumentation data through remote telemetry units and sends the data to a central computer. The central computer performs graphic display presentations, alarm reporting, report generation, data archiving and database maintenance.

The WWTF has used the existing TESCO SCADA system since 1994. An upgrade is needed on the hardware, software, graphics and alarms. The upgrades will allow the WWTF to incorporate equipment added after 1994 and equipment from several upcoming Capital Improvement Projects (CIP) such as the electric blowers, dewatering equipment and headworks washer compactor.

The project consists of upgrades to the existing plant process control telemetry system. Currently, the SCADA system receives all plant statuses and alarms from the process controllers via a hardwired network. The new system will use a high frequency and secure, ethernet based wireless network.

The upgrade will also include the latest software version, including two rack mounted computers, dual power supplies and redundant internal hard drives. TESCO will also upgrade the SCADA screen graphics and alarms. TESCO’s cost to the City for the upgrades is $194,295. The WWTF has set aside funding specifically for the SCADA upgrade.

Staff is sensitive to Council’s desire that all projects be advertised for competitive bids and/or proposals. If the City elects to openly bid the SCADA Upgrade Project, staff will need to advertise for consultant design services. The design consultant will generate “generic” plans and specifications that will allow other “telemetry installation” companies to bid on the project. Staff estimates that telemetry design services will cost approximately $75,000. Upon acceptance of the plans and specifications, staff would request Council authorization to advertise for bids on the SCADA Upgrade project.
Staff is of the opinion that the proper course of action is to authorize the Public Works Director to negotiate a full service SCADA upgrade contract with TESCO in an amount not to exceed $194,295 for the following reasons:

1. The existing SCADA system provided by TESCO is over 20 years old and has performed exceptionally well.

2. It is more prudent to spend City funds towards the SCADA upgrade as opposed to spending $75,000 or more towards designing a new and generic SCADA system.

3. Carollo Engineers have estimated the base replacement cost of the existing SCADA system to be $590,200.

4. TESCO has provided excellent technical support in the past, are a known quantity, and staff has every reason to believe that TESCO's future performance will not diminish.

5. Staff is familiar and competent in the use of the TESCO SCADA system and anticipates minimal, if any, new training on the new TESCO SCADA system.

6. Upgrades to the 20 year old SCADA system can begin immediately upon award of contract. If the “new design” route is chosen, upgrades to the SCADA system at the WWTF will be delayed by at least six months.

Funding for this project is from the WWTF Capital Reserve as budgeted in the 2014/2015 Annual Budget.

RECOMMENDATION: That City Council approve the request for Specialized Service for the upgrade of the WWTF SCADA system with TESCO Controls, Incorporated, at a cost not to exceed $194,295.
SUBJECT: PUBLIC SAFETY BUILDING - CITY EASEMENT CONVEYANCE TO SOUTHERN CALIFORNIA EDISON COMPANY

SOURCE: Public Works Department - Engineering Division

COMMENT: The Public Safety Building is under construction and, as work progresses, there will be a need to install dry utilities to the new facility, namely electrical, telephone, gas and cable. Before these utilities are installed, the City has or will be required to enter into agreements, pay fees and convey easements.

Currently, the City has executed an agreement and paid fees for the electrical service, inclusive of street lights along the perimeter of the complex. Southern California Edison Company (SCE) is now requesting an easement from the City of Porterville for the purpose of installing and maintaining the underground electrical service for the Public Safety Building. The electrical infrastructure consists of underground conduits, wires, vaults and other appurtenant equipment essential to this facility.

The proposed easement to SCE is 6' wide with the exception of a 14' x 17' area that will contain a pad-mounted transformer and is generally located from the east right-of-way of Jaye Street south of Montgomery Avenue to the proposed eastern property line. The electrical service is designed to provide services to the adjacent undeveloped property and is depicted in the easement. A visual perspective of the easement described herein is shown in Exhibit "B" attached to this staff report.

RECOMMENDATION: That the City Council:

1. Accept Southern California Edison Company’s request to have the City convey an easement for the installation and maintenance of an underground electrical conduit and related facilities;

2. Authorize the Mayor to sign the Grant of Easement; and

3. Authorize the City Clerk to mail the signed Grant of Easement to Southern California Edison Company for recordation.

SUBJECT: CONSIDERATION OF TEMPORARY CARGO CONTAINER REQUEST

SOURCE: COMMUNITY DEVELOPMENT DEPARTMENT - PLANNING DIVISION

COMMENT: On March 4, 2014, the City Council adopted Resolution 14-2014 (Attachment 3), further clarifying the City Council’s intent in regard to temporary cargo/shipping containers. As a result of the resolution, the City Council may approve the use of cargo/shipping containers as temporary non-standard development for those applicants seeking a long term use of more than three containers in commercial and industrial zone districts.

Walmart Store #1877, located at 1250 W. Henderson Avenue, is requesting approval from City Council to allow a total of 26 temporary storage containers for the period beginning October 8, 2014, through January 8, 2015, (92 days). While the request submitted is to allow the containers to remain until January 8, 2015, staff suggests extending the period to January 31, 2015, (115 days) to accommodate time needed to remove the containers after the holiday season ends. The containers are to be situated in the most remote portion of the parking lot, not within any setback requirements, and will not obstruct access to parking for Walmart or other businesses. They are also to be located to minimize views from the public right of way. Further, of the 961 parking spaces on the Walmart parking lot, 72 spaces would be lost during this timeframe to accommodate the temporary placement of storage containers. Because the store only requires 419 spaces, the store would continue to have more than the required parking spaces, even with the temporary structures. Staff recommends the following conditions of approval:

1. The number and location of containers shall conform to Resolution 14-2014.

2. The containers shall be permitted to be maintained on the site from October 8, 2014, to January 31, 2015.

3. The proposed temporary structures shall comply with all applicable local, state, federal laws, and Resolution 14-2014.

RECOMMENDATION: That the City Council approve the request for a temporary structure permit as outlined above and subject to the site plan and conditions of approval.

RESOLUTION NO. 14-2014

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PORTERVILLE
ADOPTING INTERPRETATIONS OF AMBIGUITY AND
STATEMENTS OF CITY COUNCIL INTENT WITH REGARD TO
TEMPORARY (CARGO/SHIPPING CONTAINERS),
MOBILE AND PERMANENT DEVELOPMENT

WHEREAS: On October 12, 2004, and March 1, 2005, the City Council considered the
status of a variety of non-standard building types including temporary buildings, long-term street
vending, drive-through restaurant kiosks, etc.; and

WHEREAS: At that time, the City Council determined that the Municipal Code and the
Development Ordinance allow for potential ambiguity in the interpretation of such issues as the
appropriate application of the Municipal Code provisions for cargo/shipping containers for
Temporary Building Permits, the Zoning Ordinance provisions for a Conditional Use Permit for
Street Vending for more than five days at a single location, and the appropriate development
standards to apply thereto to each; and

WHEREAS: On March 1, 2005, the City Council adopted Resolution 29-2005, providing
an interpretation of ambiguity and statements of City Council intent with regard to temporary,
mobile, and permanent development; and

WHEREAS: On November 5, 2013, and December 3, 2013, the City Council considered
modifications to Resolution 29-2005 as it relates to cargo/shipping containers for nonresidential
uses; and

WHEREAS: On December 3, 2013, the City Council adopted Resolution 82-2013 as it
relates to cargo/shipping containers for nonresidential uses; and

WHEREAS: On February 4, 2014, the City Council considered further modifications to
the use of cargo/shipping containers for nonresidential uses. Specifically, the Council directed that
the Zoning Administrator would have authority to approve up to three cargo/shipping containers
for a long term period, subject to compliance with the criteria defined in Resolution 82-2013 except
as amended herein; and

WHEREAS: On March 4, 2014, the City Council considered the revised draft resolutions
setting forth additional provisions for long term use of cargo/shipping containers as outline in the
previous paragraph; and

WHEREAS: The City Council intends to provide guidance to City Staff and the
development community with regard to the approved interpretation of such ambiguity in the City
Code and Development Ordinance and to give an indication as to the likely standards of review
and intent of City Council in considering future development proposals and provide additional
clarification relative to the temporary use of cargo/shipping containers.

ATTACHMENT
ITEM NO. 3
NOW, THEREFORE, BE IT RESOLVED: That the City Council of the City of Porterville does hereby adopt statements of interpretation of ambiguity and statements of City Council intent as follows:

1) **Permanent Commercial Buildings:** In order to be considered a “permanent” commercial building, subject to complying with the Development Ordinance and applicable building and fire codes, and securing a building permit, a structure must be affixed to the ground through a foundation, foundation system or other similar means, except as described below. By this standard, cargo/shipping containers, catering trucks, and trailers would not be considered “permanent” commercial buildings. Modular buildings, sheds, pre-fabricated buildings, etc., may be considered to be permanent buildings provided they are affixed to foundations. Full development standards as required by City Code would apply in such cases.

2) **Permanent Commercial Buildings – Exception for Food Vending Booths:** Food vending booths, food or coffee kiosks, “hot-dog” stands etc. without a foundation may be considered to be “permanent” provided the following conditions are met:
   a) The type and location of the use is permitted by the Zoning Ordinance.
   b) The type, location, and intensity of the use are included in all calculations of site improvement requirements, including parking calculations, etc.
   c) The development is clearly accessory to the primary use of the site, and its hours of operation are limited to those of the primary use.
   d) The development fully complies with adopted building codes, including fire protection and the requirements of State and Local Public Health authorities.

3) **Permanent Commercial Buildings – Exception for Approved Temporary Buildings:** Modular and similar buildings, whether on permanent foundations or not, may be approved by the City Council as temporary buildings. Site development standards for such cases shall be determined as described below.

4) **Non-Standard Development as Accessory Use:** Except for on-farm produce stands and cargo/shipping containers as specifically addressed herein, non-standard development will only be approved as an accessory to standard, permanent development on the same site, or on an adjacent related site. This will help to ensure that minimum site improvements are provided for commercial uses.

5) **Use of Cargo/Shipping Containers as Temporary Non-Standard Development; Short Term:** Where appropriate and necessary for short term use, the Zoning Administrator may approve use of cargo/shipping containers in
Commercial and Industrial zone districts associated with an existing development for additional storage capacity subject to the following specific criteria:

- The number of containers is limited to one per business or parcel, whichever results in fewer containers per site.
- The cargo/shipping container shall not remain on site for longer than 100 days.
- The placement of the cargo/shipping container shall be such that it does not interfere with the permanent site improvements, including but not limited to, parking, loading areas, on-site circulation, and accessibility.
- The placement of the cargo/shipping container shall not encroach into required setbacks, and must not be visible from off site or public streets.
- Use of a cargo/shipping container may be granted subject to payment of an adopted fee for a Ministerial Temporary Structure Permit. Use of cargo/shipping containers in manners not consistent with this section, may only be authorized by the City Council.

6) Use of Cargo/Shipping Containers as Temporary Non-Standard Development; Long Term; three (3) or fewer containers: Where appropriate and necessary for longer term use, the Zoning Administrator may approve use of cargo/shipping containers in Commercial and Industrial zone districts associated with an existing development for additional storage capacity subject to the following specific criteria:

- The number of containers allowed shall not exceed three (3) containers.
- The time period requested shall be specified by the applicant. Final expiration of the permit shall be coterminal with the permit expiration date approved by the Zoning Administrator. Extensions will not be permitted. However, the applicant may apply for another long term, administrative, permit. Failure to obtain the renewed permit could result in Code Enforcement action and associated fines.
- The placement of the cargo/shipping container shall be such that it does not interfere with the permanent site improvements, including but not limited to, parking, loading areas, on-site circulation, and accessibility.
- The placement of the cargo/shipping container shall not encroach into required setbacks, and must not be visible from off site or public streets.
- Use of a cargo/shipping container may be granted subject to payment of an adopted fee for a Zoning Administrator permit application plus an initial fee for the first site visit and an annual fee applicable upon approval. The annual fee would apply for any year or portion thereof the container continues to be stored on site.
- The Zoning Administrator may require additional conditions intended to ensure the use does not create blight.

7) Use of Cargo/Shipping Containers as Temporary Non-Standard Development; Long Term; more than three (3) containers: Where appropriate and necessary for longer term use, the Council may approve use of cargo/shipping
containers in Commercial and Industrial zone districts associated with an existing development for additional storage capacity subject to the following specific criteria:

- The number of containers allowed would be determined by Council.
- The time period requested shall be specified by the applicant. Final expiration of the permit shall be coterminal with the permit expiration date approved by Council. Extensions will not be permitted. However, the applicant may apply for another long term, discretionary, permit. Failure to obtain the renewed permit could result in Code Enforcement action and associated fines.
- The placement of the cargo/shipping container shall be such that it does not interfere with the permanent site improvements, including but not limited to, parking, loading areas, on-site circulation, and accessibility.
- The placement of the cargo/shipping container shall not encroach into required setbacks, and must not be visible from off site or public streets.
- Use of a cargo/shipping container may be granted subject to payment of an adopted fee for a Discretionary Temporary Structure Permit application with a monthly fee applicable upon approval and commencing at 100 days of use. The fee would apply for any month or portion thereof the container continues to be stored on site.
- Council may require additional conditions intended to ensure the use does not create blight.

8) **Time Limits Required for Non-Standard Development:** Non-standard development may be approved by the City Council as either a "Temporary Building" or a "Street Vendor" as appropriate. In all such cases, approval will be for a limited period of time. The approval period will not typically exceed the reasonable period of time necessary to secure a permanent replacement. In some cases, a reasonable period of time may be granted to allow for market testing, "proof-of-concept", etc. Site improvement standards for such development shall be determined by the City Council on a case-by-case basis using guidelines as established below.

9) **Development Standards – Non-Standard Development:** All non-standard development requires approval by the City Council with appropriate Conditions of Approval. Such development may require site improvements that differ from those required for permanent development. Staff reports for such proposals should identify both the proposed site improvements and the improvements that would be required for similar, permanent development.

10) **Temporary Building Permits – Effect on Standards for Existing Conforming Development:** Temporary buildings may be approved only with clear time limits, and with a finding by City Council that the development is to accommodate a time of business stress or emergency or a construction project. For this reason, the City Council may authorize such uses in circumstances that would cause an existing, conforming development to become non-conforming for the duration of the use.
For example, a temporary modular building could be authorized to occupy required parking spaces in a commercial development. It is the intent of City Council to weigh such modifications against both the need and duration of the temporary building. Except in extraordinary cases, the City Council would not expect to authorize a permit that creates a non-conforming circumstance for a period longer than 90 days.

11) **Conditional Use Permits for “Street Vending” – Effect on Standards for Existing Conforming Development** - Conditional Use Permits for “Street Vending” for periods longer than five days do not require a finding of business stress or emergency. For that reason, such uses will not be permitted to cause an existing conforming development to become non-conforming.

12) **Standards of Review – Non-standard Development**: It is the intent of City Council to consider the impact that proposed Temporary Building Permits and Conditional Use Permits for longer term street vending will have on other similar businesses. Such uses are intended to offer flexibility under unusual circumstances and will not be encouraged as a means to compete with businesses in permanent buildings by avoiding development standards that would otherwise apply.

13) **Compliance with Zoning Ordinance and City Code – Non-Standard Development**: None of the above shall be construed to permit non-standard development to violate the Zoning Ordinance or other provisions of City Code. No use may be authorized by a Temporary Building Permit or as a Conditional Use Permit for street vending that is not permitted by the underlying Zoning Classification. Such restriction includes limitations on outdoor sales where applicable.

PASSED, APPROVED AND ADOPTED this 4th day of March, 2014.

SUBJECT: ANNUAL LIBRARY FOOD FOR FINES CAMPAIGN
SOURCE: PARKS AND LEISURE SERVICES DEPARTMENT
COMMENT: The Library and Literacy Commission and staff propose to conduct the eighth Annual Food for Fines Campaign over a nine-week period from October 20 to December 20. The library benefits from this program by recovering lost library materials and from the clearing of fines on patron accounts.

During the implementation of this campaign last year, the library collected 799 items of food and waived $747 in fines. Staff will once again coordinate with the local Kiwanis Club who annually distribute food through their Family Food Basket program.

Program Outline:
- For every can of food submitted during the drive, $1 of overdue fees will be waived up to $10 per account.
- The cans of food and other non-perishables must not be damaged or expired.
- Staff will track transactions by how many food items were donated and the total fines waived.

RECOMMENDATION: That the City Council authorize the eighth Annual Food for Fines Campaign to run October 20 through December 20, 2014.
COUNCIL AGENDA: October 7, 2014

SUBJECT: RENEWAL OF PUBLICSTUFF CONTRACT

SOURCE: Administration

COMMENT: At its meeting on August 6, 2013, in consideration of options for implementing a City mobile application and Citizen Relationship Management (CRM) system, the City Council authorized a one-year contract with PublicStuff for the development of the "myPorterville" mobile application at an expense of $8,800. The expense for the contract was split between the City Council and Community Promotion expenditure accounts for fiscal year 2013/2014, given funds were added to these accounts from the refund of a portion of fees paid to the Tulare County Economic Development Corporation.

During the past year, a total of 876 requests have been entered into the myPorterville application. Currently, 627 of these requests have been completed and closed, and 249 are in progress. In addition, the City Departments have incorporated myPorterville report and tracking features for coordinated and more efficient Code Enforcement. It is anticipated that the number of requests entered into the mobile application will continue to increase as the public becomes further aware of this tool and more knowledgeable in the use of technology.

With the initial one (1) -year contract with PublicStuff having expired October 1, 2014, the cost of renewing the contract for another single year has increased to $9,416, an increase of $616 (7%). PublicStuff has also given the City the option of renewing under a three (3) -year contract at the fixed rate of $9,133 per year. Given the community’s positive response to myPorterville, as well as staff’s utility for coordinated Code Enforcement, it is recommended that the City enter into a three (3) -year contract with PublicStuff.

The funding for the contract renewal is included in the adopted Fiscal Year 2014/2015 budget under the Community Promotions account.

RECOMMENDATION: That the City Council authorize a three (3) -year contract renewal with PublicStuff for the myPorterville mobile application.

SUBJECT: AN AGREEMENT TO PROVIDE EXTRATERRITORIAL SERVICES TO AKIN WATER COMPANY AND INITIATING AN APPLICATION TO THE LOCAL AGENCY FORMATION COMMISSION TO TAKE PROCEEDINGS ON THE AGREEMENT

SOURCE: PUBLIC WORKS DEPARTMENT - ENGINEERING DIVISION AND COMMUNITY DEVELOPMENT DEPARTMENT - PLANNING DIVISION

COMMENT: On September 28, 2012, the Akin Water Company submitted an application for annexation in order to obtain water services from the City of Porterville’s municipal water system. After pre-consultation with the Local Agency Formation Commission (LAFCo), staff held an information meeting on May 29, 2013, at Vandalia Elementary School, with members of the public in the affected/proposed annexation area. After much deliberation and based on the limited number of survey ballots in favor of annexation and strong opposition from the residents of the affected territory for annexation, staff determined that any attempt at annexation would likely fail in the public hearing or protest hearing phase. At the October 15, 2013, City Council meeting, staff outlined the difficulties the Akin Water Company faced and requested direction from City Council related to provision of water to Akin Water Company. During the meeting the California Department of Public Health (CDPH) offered to pay for the installation of a pipeline system to the Akin properties, install water meters to all properties, pay for the inspection of all constructed work, pay all City water connections fees, and construct and dedicate a new well to the City.

City Council accepted the CDPH offer and agreed to install the infrastructure that will enable water service to the Akin Water Company’s current customers, as described herein as Attachment 2, under an extraterritorial water service agreement. At the May 6, 2014, City Council meeting, Council agreed to serve the residents presently served by the Akin Water Company with potable water under the Water Service and System Maintenance Agreement, approved by City Council, per City Council Resolution Number 26-2014.

Staff is prepared to initiate the process in accordance with the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000. This act requires that LAFCo review and approve proposals to extend services beyond the jurisdictional boundary of a local agency and where the territory in subject to receiving such services is within the affected agency’s sphere of influence in anticipation of a later change of organization. It is important to note that in order for the City to effectuate the Water Service and System Maintenance Agreement (Resolution Number 26-
2014), the Local Agency Formation Commission will need to approve the extraterritorial service agreements.

ENVIRONMENTAL: On September 19, 2014, the Environmental Coordinator made a determination that the project is exempt from the California Environmental Quality Act pursuant to Section 15282(k) and 15301(a) of the California Code of Regulation.

RECOMMENDATION: That the City Council authorize staff to initiate an application to the Local Agency Formation Commission to take proceedings for the approval of the extraterritorial service agreement.

AGREEMENT BETWEEN THE CITY OF PORTERVILLE
AND THE AKIN WATER COMPANY
FOR POTABLE WATER SERVICE AND SYSTEM MAINTENANCE

RESOLUTION NO. 26 - 2014

A RESOLUTION OF THE CITY OF PORTERVILLE

THIS AGREEMENT, made and entered into by and between the CITY OF PORTERVILLE, a California Charter City, hereinafter referred to as City, and the AKIN WATER COMPANY, a private water company located in Tulare County, hereinafter referred to as Water Company.

WITNESSETH:

WHEREAS, Water Company exists for the purpose of providing water to certain residents of East Lincoln Street, located southeast of Porterville in unincorporated Tulare County, California; and

WHEREAS, Water Company is unable to provide safe drinking water to its residents; and

WHEREAS, Water Company’s service territory is located within the sphere of influence of City; and

WHEREAS, City has agreed to serve the residents presently served by Water Company with potable water, per City Council Resolution Number 26 - 2014, adopted by the Porterville City Council on May 6, 2014; and

WHEREAS, City’s request for an Extra-Territorial Service Agreement to served Water Company shall be approved by Tulare County LAFCo prior to providing water to the Water Company; and

WHEREAS, City has the capacity to serve the Water Company’s customers with potable water; and
WHEREAS, Water Company has received Proposition 84 funds from the California Department of Public Health for the purposes of planning and designing the replacement distribution system and infrastructure necessary to connect Water Company’s water system to City’s water system, as well as for planning and design of a replacement water source for City; and

WHEREAS, the funding agreements for the aforementioned Proposition 84 funds require an agreement between City and Water Company that commits the City to providing potable water supply after construction of the new system is complete and identifies the party responsible for operation and maintenance of the new water distribution system within Water Company’s service territory after construction. The agreement is conditioned on Water Company’s surrender of its water supply permit after the Consolidation is complete and the design and construction of a new water source (well) for the City is completed, prior to connecting Water Company to City’s water system.

NOW THEREFORE BE IT RESOLVED, that City shall supply with potable water the properties currently served by Water Company, subject to the following terms and conditions:

1. Consolidation. City agrees to serve with potable water the properties currently served by Water Company, including all twenty-three (23) subdivision lots and homes located thereon. All drinking water connections shall comply with all applicable local, state and federal requirements, and shall be made under the supervision of City and City’s agents. The area to be served includes roads internal to the subdivision, specifically East Lincoln Street and Fourth Street as depicted on the attached map, incorporated as Exhibit A to this Agreement. Water mains will be constructed in Fourth Street and Lincoln Street and in pipeline easements as necessary to provide water service to customers of the Water Company. The reconstructed water distribution system shall be integrated into and made part of the City’s water distribution network, and City shall supply water to the residents currently served by Water Company who will become individual customers of the City.
2. **Ownership of Pipeline.** Upon completion of construction of the reconstructed water system, ownership of the water distribution system within Water Company’s service territory shall transfer from Water Company to City. The new system shall be owned, operated and maintained by City as part of its reconstructed municipal water system. In all other ways, Water Company’s service territory shall remain independent of City government and remain an unincorporated area of the County and subject to County of Tulare codes, zoning restrictions, and services.

3. **User Fees.** When Water Company’s customers become City’s customers, they shall pay the current rates for water services charged to other City customers, as set by the City Council.

4. **Other Fees.** The Water Company agrees to pay capacity and connection charges on behalf of its existing customers’ construction fund obtained for the purposes of installing new water mains and making water system upgrades as described below. Future development in need of new water service may be subject to regular City fees at the time of connection. If construction funding does not materialize or does not cover such charges and other funding sources cannot be found, this agreement shall be deemed null and void.

5. **Water System Upgrades.** Water Company agrees that prior to the consolidation with the City’s system, its water distribution system shall be fully functional, constructed in accordance with City standards and specifications and system improvements accepted by the City Council. Specific conditions to be completed prior to the consolidation are as follows:

   A. The Water Company shall reconstruct the existing water distribution system to meet City Standards including, but not limited to, the installation of residential water services and meters of a size and type specified by the City, and pay all applicable water related fees. The reconstruction is subject to plan approval and inspection by City.

   B. The two (2) existing wells owned by Water Company will be abandoned in accordance with local, state and federal requirements after the expiration of a mutually agreed-upon period of time to allow residents to connect to the reconstructed water distribution system.
C. The Water Company, within applicable funding rules and restrictions and in accordance with the scope of work authorized by the California Department of Public Health, consents to the use of a portion of its planning/design and construction grant(s) for the planning and development of an additional water source by and for the City of Porterville.

D. By this Agreement, maintenance of the reconstructed water system shall be performed by City commencing with the transfer of ownership as provided for in Item 2 of this Agreement.

6. **Project Funding.** It is mutually understood that the planning, design and construction of improvements described herein is contingent upon the receipt of anticipated funding from the State of California. Should project funding fail to materialize, or if it is insufficient to accomplish the necessary improvements, then neither party is obligated to the terms of this Agreement.

7. **Inspection.** City will inspect the reconstruction of the drinking water system as construction of the water system progresses on an inspection schedule established by the City. Fees for inspection required by the Consolidation process shall be paid by Water Company.

8. **Permits.** Water Company agrees to obtain all permits necessary for construction. City agrees to submit a Water Supply Permit Amendment Application to the California Department of Public Health, reflecting the change in service area.

9. **Dissolution.** Upon final execution of the consolidation described herein, the Water Company, Akin Water Company, shall cease operation and dissolve its organizational structure, and shall voluntarily surrender its existing water permit for Public Water System ID number 5401038.

10. **Liability.** Upon consolidation of the reconstructed water distribution system and acceptance of the new water source (well), City will assume responsibility for the delivery of safe, potable drinking water to the residents formerly served by Water Company.

11. **Indemnification.** Prior to consolidation/connection of the reconstructed water distribution system, Water Company assumes all responsibility for the control, distribution and disposal of water delivered under this agreement. Water Company shall, to the fullest extent permitted by law, hold
harmless, and indemnify City and its officers, officials, employees and volunteers from and against all claims arising out of, pertaining to, or relating to the negligence, recklessness, or willful misconduct of the Water Company and its employees, agents and subconsultants, except where and to the extent caused by the negligence or willful misconduct of the City. Upon connection of the reconstructed water distribution system, City assumes all responsibility for the control, distribution and disposal of water delivered under this agreement. City shall, to the fullest extent permitted by law, hold harmless, and indemnify Water Company and its officers, officials, employees and volunteers from and against all claims arising out of, pertaining to, or relating to the negligence, recklessness, or willful misconduct of the City and its employees, agents and subconsultants, except where and to the extent caused by the negligence or willful misconduct of the Water Company. The provisions of this section survive completion of the services or the termination of this Agreement.

12. Attorney's Fees. Should any litigation be commenced between the parties concerning this Agreement, or the rights and duties of either party under this Agreement, the party prevailing in such litigation shall be entitled, in addition to such other relief as may be granted, to a reasonable sum as and for attorneys' fees in such litigation, which shall be determined by the court in such litigation or in a separate action brought for that purpose.

13. Term. This agreement shall become effective upon its execution, and shall remain in effect until such time as all conditions described herein are met and the consolidation can be consummated or until June 30, 2017, whichever occurs first.

14. Notices. Any and all notices or other matters required or permitted by this Agreement or by law to be served on, given to, or delivered to either party by the other party to this Agreement shall be in writing and shall be deemed duly served, given, or delivered when personally delivered to the party to whom it is directed or to a supervisory employee of that party, or, in lieu of personal service, when deposited in the United States mail, first-class postage prepaid, addressed to City at 291 N. Main Street, Porterville, CA 93257 (Attn: John Lollis, City Manager), or to Water Company at 642 E. Henderson
Avenue, Porterville, CA 93257 (Attn: James N. Akin, Owner). Either party may change its address for purposes of this Paragraph by giving written notice of this change to the other party in the manner prescribed by this Paragraph.

15. **Sole and Only Agreement.** This instrument constitutes the sole and only agreement of the parties, City and Water Company, relating to water system consolidation and correctly sets forth the rights, duties, and obligations of each to the other as of its date. Any prior agreements, promises, negotiations, or representations not expressly set forth in this Agreement are of no force and effect.

16. **Binding on Heirs and Successors.** This Contract shall inure to the benefit of and be binding on the heirs, executors, administrators, successors, and assigns of each party to this Agreement.

17. **Subject to Valid Laws.** This Agreement is subject at all times to any and all valid laws, ordinances, and governmental regulations whether federal, state, county, or city, and any modification made to this Agreement by any such law or ordinance or regulation or to the conduct of the parties under this Agreement shall not impose liability on either party for breach of their duties under this Agreement.

RESOLUTION NO._____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PORTERVILLE
APPROVING AN AGREEMENT TO PROVIDE EXTRATERRITORIAL SERVICES TO THE
AKIN WATER COMPANY AND INITIATING AN APPLICATION TO THE LOCAL
AGENCY FORMATION COMMISSION TO TAKE PROCEEDINGS ON THE AGREEMENT

WHEREAS, On September 28, 2012, the Akin Water Company submitted an application
for annexation in order to obtain water services from the City of Porterville’s municipal water
system pursuant to the Annexation Policy Manual and Municipal Services Policy for the
Unincorporated Areas adopted by Resolution No.33-86; and

WHEREAS, On October 15, 2013, City Council directed staff to work with the California
Department of Public Health (CDPH) who offer and agreed to install the infrastructure that will
enable water services to the Akin current customers under an extraterritorial water service
agreement; and

WHEREAS, On May 6, 2014, the City of Porterville agreed to serve the residents presently
served by the Akin Water Company with potable water under the Water Service and System
Maintenance agreement per City Council Resolution Number 26-2014; and

WHEREAS, the Akin Water Company is outside city limits, but within City of Porterville’s
sphere of influence; and

WHEREAS, the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000
requires that the Local Agency Formation Commission review and approve extraterritorial service
agreements; and

WHEREAS, the City of Porterville has the capacity to provide potable water to the
properties currently served by the Akin Water Company as represented and incorporated herein as
Exhibit “A” and “B”; and

WHEREAS, On September 19, 2014, the Environmental Coordinator made a
determination that the project is exempt from the California Environmental Quality Act pursuant
to Section 15282(k) and 15301(a) of the California Code of Regulation.

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Porterville does
hereby make the following findings of fact:

1. That the affected territory (the Akin Water Company) is outside city limits, but within
the City of Porterville’s sphere of influence.
2. That the affected territory is ineligible for near-term annexation for reasons outside the control of the provider (City of Porterville). Findings are based on the limited number of survey ballots in favor of annexation and strong opposition from the residence of the affected territory for annexation expressed during a public information meeting held by the City of Porterville on May 29, 2013, at Vandalia Elementary School.

3. That the Akin Water Company has tested above the maximum contaminant level allowed for nitrates identified by the California Department of Public Health and is unable to provide safe drinking water to its customers.

4. That there is a demand and need for the extension of potable water to protect the public health, safety and welfare.

5. That on September 19, 2014, the Environmental Coordinator made a determination that the project is exempt from the California Environmental Quality Act pursuant to Section 15282(k) and 15301(a) of the California Code of Regulation.

NOW, THEREFORE, BE IT FURTHER RESOLVED that the City Council of the City of Porterville does hereby approve the Akin Water Company to connection into the City’s municipal water system, subject to the following condition:

That the Akin Water Company comply with the terms and conditions set-fourth by agreement between the City of Porterville and Akin Water Company per City Resolution No. 26-2014, adopted by the Porterville City Council on May 6, 2014.

BE IT FURTHER RESOLVED that the City Council direct the City Clerk to certify and transmit this resolution to the Local Agency Formation Commission of Tulare County and that the City Council request to the Local Agency Formation Commission of Tulare County to take proceedings for the approval of this extraterritorial service agreement in the manner provided by the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000.

PASSED, APPROVED AND ADOPTED this 7th day of October, 2014.

COUNCIL AGENDA: OCTOBER 7, 2014

SUBJECT: VANDALIA MOBILE HOME PARK – RESOLUTION OF SUPPORT

SOURCE: Public Works Department - Engineering Division

COMMENT: In May 2014, Mr. Michael Colletto, owner of the 19-unit mobile home park known as Vandalia Mobile Home Park, approached the City requesting emergency connection to the City’s water system due to the failure of his well. Approval was granted and the mobile home park was connected to City water via a direct connection to a nearby fire hydrant located at Vandalia and 3rd Street. This connection continues as of this writing.

The California Department of Public Health (CDPH) was made aware of the situation and offered a grant to the City to cover water connection fees in the amount of $85,477.43. The grant does not cover private plumbing costs and, therefore, Mr. Colletto must pay his own on-site plumbing costs in the amount of $27,874.70.

The attached resolution describes the conditions of the funding agreement between CDPH and the City of Porterville. The salient points include:

A. Adoption of the attached resolution authorizing the project;
B. Designating a City Official to approve claims for reimbursement;
C. Designating a City Official to sign the Budget and Expenditure Summary;
D. Designate a City Official to certify to the State that the project is Complete; and
E. Designate a City Official to sign the Final Release form.

RECOMMENDATION: That the City Council:

1. Adopt and approve the attached Resolution of Support for the Vandalia Mobile Home Park Water Connection Project; and
2. Designate and authorize the City Manager to sign:
   a) Claims for reimbursement;
   b) Budget & Expenditure Summary Report;
   c) Certify that project is complete; and

Dir Appropriated/Funded CM Item No. 14
d) Sign the Final Release form.

AUTHORIZATION TO EXECUTE A GRANT AGREEMENT WITH THE FEDERAL AVIATION ADMINISTRATION FOR THE UPDATE OF THE AIRPORT MASTER PLAN STUDY

Airport

The Airport Capital Improvement Strategies approved by the City Council with the Fiscal Year 2014-2015 Budget includes the Update of the Airport Layout Plan (ALP) Narrative. Updating the narrative will provide an opportunity to take a broad view of present and near-term future plans and anticipated activities at the Porterville Municipal Airport and aviation trends in the industry and this portion of the San Joaquin Valley. In addition, this project will bring the ALP into compliance with the new (Fall 2013) FAA standards.

The City currently has a Master Service Agreement (MSA) with Tartaglia Engineering. The preparation of the ALP Narrative is the first project authorized (Authorization of Service No.1) under the MSA. The total estimated cost of the project is $137,300.

A grant application for Federal funds has been submitted to FAA. On September 15, 2014, the FAA approved the City’s project to update the Airport Master Plan Study (Update Airport Layout Plan Drawing Set and Narrative Report) and offered and agreed to pay 90% of the allowable costs of the project for $123,570. The local portion of the project costs, $13,730 will be funded from the Airport Improvement Fund. The City will further pursue funding from the State of up to 5% of the Federal grant, or $6,178 which would reduce the City’s contribution to $7,552.

That the City Council adopt the attached resolution authorizing the execution of a grant agreement with the Federal Aviation Administration for the update of the Airport Master Plan Study or alternatively, the Airport Layout Plan.

**SPECIFIC ASSURANCES**

Specific assurances required to be included in grant agreements by any of the above laws, regulations or circulars are incorporated by reference in this grant agreement.

**FOOTNOTES TO ASSURANCE C.1.**

1 These laws do not apply to airport planning sponsors.
2 These laws do not apply to private sponsors.
49 CFR Part 18 and 2 CFR Part 200 contain requirements for State and Local Governments receiving Federal assistance. Any requirement levied upon State and Local Governments by this regulation and circular shall also be applicable to private sponsors receiving Federal assistance under Title 49, United States Code.

On December 26, 2013 at 78 FR 78590, the Office of Management and Budget (OMB) issued the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR Part 200. 2 CFR Part 200 replaces and combines the former Uniform Administrative Requirements for Grants (OMB Circular A-102 and Circular A-110 or 2 CFR Part 215 or Circular) as well as the Cost Principles (Circulars A-21 or 2 CFR part 220; Circular A-87 or 2 CFR part 225; and A-122, 2 CFR part 230). Additionally it replaces Circular A-133 guidance on the Single Annual Audit. In accordance with 2 CFR section 200.110, the standards set forth in Part 200 which affect administration of Federal awards issued by Federal agencies become effective once implemented by Federal agencies or when any future amendment to this Part becomes final. Federal agencies, including the Department of Transportation, must implement the policies and procedures applicable to Federal awards by promulgating a regulation to be effective by December 26, 2014 unless different provisions are required by statute or approved by OMB.

Cost principles established in 2 CFR part 200 subpart E must be used as guidelines for determining the eligibility of specific types of expenses.

Audit requirements established in 2 CFR part 200 subpart F are the guidelines for audits.

2. Responsibility and Authority of the Sponsor.

It has legal authority to apply for this grant, and to finance and carry out the proposed project; that a resolution, motion or similar action has been duly adopted or passed as an official act of the applicant's governing body authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the applicant to act in connection with the application and to provide such additional information as may be required.

It has sufficient funds available for that portion of the project costs which are not to be paid by the United States.

a. It will not take or permit any action which would operate to deprive it of any of the rights and powers necessary to perform any or all of the terms, conditions, and assurances in this grant agreement without the written approval of the Secretary

5. Consistency with Local Plans.

The project is reasonably consistent with plans (existing at the time of submission of this application) of public agencies in the planning area.

6. Accounting System, Audit, and Record Keeping Requirements.

a. It shall keep all project accounts and records which fully disclose the amount and disposition by the recipient of the proceeds of this grant, the total cost of the project in connection with which this grant is given or used, and the amount or nature of that portion of the cost of the project supplied by other sources, and such other financial records pertinent to the project. The accounts and records shall be kept in accordance with an accounting system that will facilitate an effective audit in accordance with the Single Audit Act of 1984.

b. It shall make available to the Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, for the purpose of audit and examination, any
books, documents, papers, and records of the recipient that are pertinent to this grant. The Secretary may require that an appropriate audit be conducted by a recipient. In any case in which an independent audit is made of the accounts of a sponsor relating to the disposition of the proceeds of a grant or relating to the project in connection with which this grant was given or used, it shall file a certified copy of such audit with the Comptroller General of the United States not later than six (6) months following the close of the fiscal year for which the audit was made.

c. It will include in all published material prepared in connection with the planning project a notice that the material was prepared under a grant provided by the United States.

d. It will make such material available for examination by the public, and agrees that no material prepared with funds under this project shall be subject to copyright in the United States or any other country.

e. It will give the Secretary unrestricted authority to publish, disclose, distribute, and otherwise use any of the material prepared in connection with this grant.

f. It will grant the Secretary the right to disapprove the Sponsor's employment of specific consultants and their subcontractors to do all or any part of this project as well as the right to disapprove the proposed scope and cost of professional services.

g. It will grant the Secretary the right to disapprove the use of the sponsor's employees to do all or any part of the project.

h. It understands and agrees that the Secretary's approval of this project grant or the Secretary's approval of any planning material developed as part of this grant does not mean constitute or imply any assurance or commitment on the part of the Secretary to approve any pending or future application for a Federal airport grant.

8. Reports and Inspections.

It will submit to the Secretary such annual or special financial and operations reports as the Secretary may reasonably request.

It will promptly take any measures necessary to ensure that no person in the United States shall, on the grounds of race, creed, color, national origin, sex, age, or disability be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in any activity conducted with, or benefiting from, funds received from this grant.

a. Using the definitions of activity, facility and program as found and defined in §§ 21.23 (b) and 21.23 (e) of 49 CFR § 21, the sponsor will facilitate all programs, operate all facilities, or conduct all programs in compliance with all non-discrimination requirements imposed by, or pursuant to these assurances.

b. Applicability
1) Programs and Activities. If the sponsor has received a grant (or other federal assistance) for any of the sponsor’s program or activities, these requirements extend to all of the sponsor’s programs and activities.

2) Facilities. Where it receives a grant or other federal financial assistance to construct, expand, renovate, remodel, alter or acquire a facility, or part of a facility, the assurance extends to the entire facility and facilities operated in connection therewith.

3) Real Property. Where the sponsor receives a grant or other Federal financial assistance in the form of, or for the acquisition of real property or an interest in real property, the assurance will extend to rights to space on, over, or under such property.

c. Duration.

The sponsor agrees that it is obligated to this assurance for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the assurance obligates the sponsor, or any transferee for the longer of the following periods:

4) So long as the airport is used as an airport, or for another purpose involving the provision of similar services or benefits; or

5) So long as the sponsor retains ownership or possession of the property.

a.) Required Solicitation Language.

b.) It will include the following notification in all solicitations for bids, Requests For Proposals for work, or material under this grant agreement and in all proposals for agreements, including airport concessions, regardless of funding source:

“The (Name of Sponsor), in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that any contract entered into pursuant to this advertisement, disadvantaged business enterprises and airport concession disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.”

1) It will insert the non-discrimination contract clauses requiring compliance with the acts and regulations relative to non-discrimination in Federally-assisted programs of the DOT, and incorporating the acts and regulations into the contracts by reference in every contract or agreement subject to the non-discrimination in Federally-assisted programs of the DOT acts and regulations.

2) It will include a list of the pertinent non-discrimination authorities in every contract that is subject to the non-discrimination acts and regulations.

3) It will insert non-discrimination contract clauses as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a sponsor.

4) It will insert non-discrimination contract clauses prohibiting discrimination on the basis of race, color, national origin, creed, sex, age, or handicap as a covenant running with the land, in any future deeds, leases, license, permits, or similar instruments entered into by the sponsor with other parties:
a.) For the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and

b.) For the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.

e. It will provide for such methods of administration for the program as are found by the Secretary to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the acts, the regulations, and this assurance.

f. It agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the acts, the regulations, and this assurance.

It will award each contract, or sub-contract for program management, construction management, planning studies, feasibility studies, architectural services, preliminary engineering, design, engineering, surveying, mapping or related services with respect to the project in the same manner as a contract for architectural and engineering services is negotiated under Title IX of the Federal Property and Administrative Services Act of 1949 or an equivalent qualifications-based requirement prescribed for or by the sponsor of the airport.

It will not allow funds provided under this grant to be used to fund any project which uses any product or service of a foreign country during the period in which such foreign country is listed by the United States Trade Representative as denying fair and equitable market opportunities for products and suppliers of the United States in procurement and construction.

It will carry out the project in accordance with policies, standards, and specifications approved by the Secretary.

The recipient shall not discriminate on the basis of race, color, national origin or sex in the award and performance of any DOT-assisted contract covered by 49 CFR Part 26. The recipient shall take all necessary and reasonable steps under 49 CFR Part 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts. The recipient’s DBE program, as required by 49 CFR Parts 26, and as approved by DOT, is incorporated by reference in this agreement.

Implementation of these programs is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the recipient of its failure to carry out its approved program, the Department may impose sanctions as provided for under Parts 26 and 23 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. § 1001 and/or the Program Fraud Civil Remedies Act of 1936 (31 U.S.C. § 3801).

SUBJECT: AMENDMENT TO EMPLOYEE PAY AND BENEFIT PLAN – PORTERVILLE CITY EMPLOYEES’ ASSOCIATION

SOURCE: ADMINISTRATIVE SERVICES/ HUMAN RESOURCES

COMMENT: Within the scope of the Meyers-Milias-Brown Act, City representatives have concluded labor negotiations with the Porterville City Employees’ Association (PCEA). City representatives and PCEA have reached an agreement, and a written Memorandum of Understanding (MOU) has been executed restating current benefits as well as amendments pertaining to wages, benefits and working conditions.

City Council acceptance and approval of an executed MOU is most commonly demonstrated by Council authorization to change or amend, when applicable, those documents as are necessary to implement the points of agreement contained in the MOU.

RECOMMENDATION: That the City Council approve the draft resolution amending the Employee Pay and Benefit Plan.

Attachment: Draft Resolution
RESOLUTION NO. _______ -2014

WHEREAS, the City Council recognizes the necessity of amending and/or changing the contents of such plans and regulations from time to time, and of executing instruments to implement and to keep the provisions thereof current, and to maintain the relevancy of the same; and

WHEREAS, there has been concurrence on a comprehensive Memorandum of Understanding with the Porterville City Employees’ Association for the period from July 1, 2014 through June 30, 2015, covering provisions to amend the Employee Pay and Benefit Plan, as they relate to employees holding positions represented by such recognized employee organization.

IV. EMPLOYEE HEALTH BENEFIT AMENDMENTS
The City shall implement changes to the healthcare benefit of PCEA employees as set forth in Attachment 1 and Exhibits. Said changes may be subject to minor modification, to the benefit of the employees, as and when all City bargaining units approve them. Further, said changes to the employees’ healthcare benefit shall not become effective until such time as all bargaining units approve same.

V. ONE TIME OFF SCHEDULE PAYMENT
Effective concurrent with the implementation of PCEA employees’ contribution of two percent of employee’s base salary towards healthcare, PCEA employees shall receive a one-time payment of $425, which is equal to one percent (1%) of the total payroll within the PCEA bargaining unit averaged over all employees.

EXHIBIT A, Page 2
Proposed Event: Veteran's Day Parade

Date of Event: 11-11-14

Location of Event: Main Street

Recommendations/Requirements:

- City Council approval is required for all street closures.

- Ensure adequate barricades/barriers are used to warn motorists of non-access and prevent vehicle access to those designated areas.

- Veteran’s Homecoming Committee should meet with street vendors to coordinate rules regarding their activities, such as:
  - Staying off the parade route and crossing in front of floats or groups
  - Shall not sell silly string, snap caps or party poppers
  - Ensure each vendor has properly obtained a City business license

- Food vendors should be situated where they minimally block the sidewalk.

- Food vendors should provide inspection certificates from the Tulare County Health Department to members of the Veteran’s Homecoming Committee, to ensure safe food products.

- Throwing candy from vehicles, floats, or any parade entry is prohibited. This results in children scampering to catch or find candy in a crowded environment, and causes others to run out into the street. This practice creates significant and unnecessary risk for parade goers. All registered parade entrants should be informed of this prohibition and efforts taken to cease this practice.

- An Outside Amplifier Permit has been requested and granted. However, event organizers shall not allow music or other amplifications to be played so loud as to unreasonably disturb the peace and good order of the business establishments or neighborhoods in the area.

- Event organizers shall coordinate all policing/traffic/parking/posting concerns with Lt. John Hall or Lt. Jacob Castellow well in advance of the event. They can be contacted at 559-782-7410/559-782-7400.

SUBJECT: REVIEW OF LOCAL EMERGENCY STATUS – DECEMBER 21, 2010

SOURCE: Administration

COMMENT: In accordance with the City Council’s Resolution of Local Emergency adopted on December 21, 2010, and pursuant to Article 14, Section 8630 of the California Emergency Services Act, the Council must review the status of its local emergency at every regularly scheduled meeting and make a determination whether to continue or terminate the local emergency declaration.

Since its last review on September 16, 2014, City staff has continued its coordination with both State and Federal representatives in having made claims for reimbursement for public areas reported as suffering flood damage. An estimated total of $361,750 in damage repair projects were defined and accepted by both State (CEMA) and Federal (FEMA) emergency agencies, which after final FEMA administrative review, a total of approximately $270,000 was approved. Although all repair projects were originally to be completed by no later than July 2012, the City received a one (1)-year extension to July 2013.

At its meeting on October 16, 2012, the Council awarded a contract in the amount of $95,391.71 to Greg Bartlett Construction (Porterville), beginning CEMA repairs to Plano Street (south of Thurman Avenue), El Granito Street (near Zalud Park), E. Grand Avenue (at Henrahan Street), and W. Grand Avenue (at Hawaii Street). At its meeting on December 18, 2012, the Council accepted the completion of these identified CEMA repairs, including $90,295.53 in final construction costs.

At its meeting on March 5, 2013, the Council awarded a contract in the amount of $29,997.25, also to Greg Bartlett Construction (Porterville), for CEMA repairs of West Street and related storm drain improvements between Scranton and Tea Pot Dome Avenues. At its meeting on May 7, 2013, the Council accepted the completion of these identified CEMA repairs, including $19,392.25 in final construction costs.

At its meeting on April 2, 2013, the Council awarded a contract in the amount of $138,350 to Intermountain Slurry Seal, Inc. (Reno, Nevada), for the CEMA repair of Henderson Avenue between Patsy and Balmoral Streets. At its meeting on August 6, 2013, the Council accepted the completion of the identified CEMA repairs, which staff continues to work with the State to finalize repair reimbursements.
RECOMMENDATION: That the Council:

1. Receive the status report and review of the designated local emergency; and
2. Pursuant to the requirements of Article 14, Section 8630 of the California Emergency Services Act, determine that a need exists to continue said local emergency designation.

PUBLIC HEARING

SUBJECT: REQUEST FOR A CONDITIONAL USE PERMIT (PRC 2014-009-C) TO ALLOW FOR THE SALE OF ALCOHOL UNDER A TYPE 41 BEER AND WINE LICENSE IN CONJUNCTION WITH A RESTAURANT FOR TONY’S PIZZA PARLOR LOCATED AT 1304 W. OLIVE AVENUE

SOURCE: COMMUNITY DEVELOPMENT DEPARTMENT- PLANNING DIVISION

COMMENT: The applicant is requesting approval of a Conditional Use Permit (PRC 2014-009-C) to allow for the sale of alcohol under a Type 41 Beer and Wine license in conjunction with a restaurant for Tony’s Pizza Parlor located at 1304 W. Olive Avenue.

BACKGROUND: On May 5, 2014, the applicant submitted an application to the Project Review Committee (PRC) to consider a Conditional Use Permit to allow for the sale of alcohol under a Type 41 Beer and Wine license in conjunction with a restaurant for Tony’s Pizza Parlor located within an existing tenant space in the Town and Country Shopping Center. During the PRC meeting, the Police Department indicated that the location of Tony’s Pizza Parlor has sufficient exterior lighting to illuminate the parking lot and the entire site during business hours and maintaining those security lighting shall be a condition of approval. The Project Review Committee also acknowledged that the proposed location of the project and the conditions under which it will be operated or maintained will not be detrimental to the public health, safety, or welfare to properties or improvements in the vicinity.

The Department of Alcoholic Beverage Control (ABC) allows for a specific number of licenses per census tract, based on population. Whenever the ratio of on-sale licenses to population in a census tract exceeds the average ratio for the county, an “undue concentration” of licenses is determined to exist. The subject site is located within Census Tract 36.02, which allows a maximum of seven (7) off-sale and five (5) on-sale licenses without being deemed over-concentrated. According to the ABC, four (4) on-sale licenses currently exist in this tract, so the approval of the project would not result in an undue concentration of licenses.

ANALYSIS: It is not anticipated that this use would have a negative impact on the surrounding properties. Conditions of approval are in place to protect the public’s safety and interest. Due to the close proximity of Burton Pathways Charter High School alcohol advertising visible from the outside of the proposed building shall not be allowed. The applicant is conditioned to operate the establishment in such a manner as to preserve the public safety, health and welfare, to prevent the use from becoming a nuisance and to operate the business in compliance with all

DD Appropriated/Funded N/A CM Item No. 24
laws, ordinances and regulations regarding the sale of alcohol. Furthermore, at all times the facility shall be operated and maintained to comply with State Laws, the City of Porterville Development Ordinance, adopted Building Codes and all other applicable laws and ordinances.

The subject site is consistent with the General Plan Land Use Designation and Zoning Standards for Retail Centers (CR). The CR designation is intended to provide for retail and service uses that meet local and regional demand. The proposed restaurant with alcohol sales would suit the purpose of the zone designation. The restaurant is a permitted use in the CR Zone, and alcohol sales may be permitted in that zone with the requested Conditional Use Permit.

ENVIRONMENTAL REVIEW: On September 19, 2014, the Environmental Coordinator made a preliminary determination that the project is exempt from the California Environmental Quality Act pursuant to Section 15301 (a) of the California Code of Regulation (CEQA Guidelines).

RECOMMENDATION: That the City Council adopt the draft resolution approving Conditional Use Permit (PRC 2014-009-C) subject to conditions of approval.

RESOLUTION NO. ____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PORTERVILLE CONTAINING FINDINGS AND CONDITIONS IN SUPPORT OF CONDITIONAL USE PERMIT (PRC 2014-009-C) TO ALLOW FOR THE SALE OF ALCOHOL UNDER A TYPE 41 BEER AND WINE LICENSE IN CONJUNCTION WITH A RESTAURANT FOR TONY’S PIZZA PARLOR LOCATED AT 1304 W. OLIVE AVENUE

WHEREAS: On September 19, 2014, the Environmental Coordinator made a preliminary determination that the project is exempt from the California Environmental Quality Act pursuant to Section 15301 (a) of the California Code of Regulation (CEQA Guidelines); and

WHEREAS: The City Council of the City of Porterville, at its regular scheduled meeting of October 7, 2014, conducted a public hearing to consider Conditional Use Permit (PRC 2014-009-C), to allow for the sale of alcohol under a Type 41 Beer and Wine License in conjunction with a restaurant for Tony’s Pizza Parlor located at 1304 W. Olive Avenue; and

WHEREAS: The City Council of the City of Porterville received testimony from all interested parties related to said Conditional Use Permit; and

WHEREAS: The City Council made the following findings:

1. That the proposed project will advance the goals and objectives of and is consistent with the policies of the General Plan and any other applicable plan that the City has adopted.

   The CR designation is intended to provide for retail and service uses that meet local and regional demand. The proposed restaurant with alcohol sales would suit the purpose of the zone designation. The restaurant is a permitted use in the CR Zone, and alcohol sales may be permitted in that zone with a Conditional Use Permit.

2. That the proposed location of the project and the conditions under which it will be operated or maintained will not be detrimental to the public health, safety, welfare, or materially injurious to properties or improvements in the vicinity.

   Conditions of approval are included herein to ensure adequate development standards are met. The project is located within an existing building in a regional shopping center that has been well maintained since its original development. Further, all land owners within the city of Porterville are held to performance standards identified in Chapter 306 of the Development Ordinance. Specifically, Section 306.03 of the Ordinance states, “Land or buildings shall not be used or occupied in a manner creating any dangerous, injurious, or noxious fire, explosive, or other hazard; noise, vibration, smoke, dust, odor, or form of air pollution; heat, cold, dampness, electrical or other disturbance; glare, refuse, or
wastes; or other substances, conditions, or elements which would substantially adversely affect the surrounding area.”

3. This project is Categorically Exempt pursuant to CEQA Guidelines §15301-Existing Facilities: a business within an existing facility involving negligible expansion of the existing use.

4. The Department of Alcoholic Beverage Control (ABC) allows for a specific number of licenses per census tract, based on population. Whenever the ratio of on-sale licenses to population in a census tract exceeds the average ratio for the county, an “undue concentration” of licenses is determined to exist. The subject site is located within Census Tract 36.02, which allows a maximum of seven (7) off-sale and five (5) on-sale licenses without being deemed over-concentrated. According to the ABC, four (4) on-sale licenses currently exist in this tract, so the approval of the project would not result in an undue concentration of licenses.

NOW, THEREFORE, BE IT RESOLVED: That the City Council of the City of Porterville does hereby approve Conditional Use Permit (PRC 2014-009-C) subject to the following conditions:

1. The developer/applicant shall keep the beer and wine in a secure place with access only available to the employees, shown herein as the walk-in box in Exhibit “A.” Any future changes in operation which substantially alter the condition or nature of the subject business will require approval by the City Council if such modification involves expansion, relocation, or change in accessibility to the conditioned uses.

2. The facility shall be operated and maintained to comply with applicable State and Federal laws, and the City of Porterville Development Ordinance at all times.

3. The applicant shall maintain the security lighting on the exterior of the building and in the parking lot in a manner to allow reasonable surveillance of the area to the satisfaction of the Police Department and Zoning Administrator.

4. The applicant shall operate the establishment in such a manner as to preserve the public safety, health and welfare, to prevent the use from becoming a nuisance and operate the business in compliance with all laws, ordinances and regulations regarding the sale of alcohol. In the event that this or any other condition of approval is violated, the City Council may modify or revoke the conditional use permit as provided in Section 601.10 of the Porterville Development Ordinance.

5. The elements of the conditional use permit approving on-site alcohol sales will be subject to modification or revocation if the on-sale license is sanctioned by the State of California.

6. The entire site shall be permanently maintained free of accumulated dirt and litter and in an otherwise neat and attractive manner.
7. No alcohol advertising shall be displayed and/or viewed from the outside of the proposed building.

8. The consumption of alcoholic beverages shall be prohibited off-site or outside of the building.

9. Upon approval of the conditional use permit, any future violations of regulations of the codes relating to the sales or consumption of alcohol, and/or excessive service calls by the Police Department resulting from the sales of alcohol will result in revocation of the Conditional Use Permit.

10. Unless an extension of time is granted by the City Council, the conditional use permit shall expire two (2) years after the date of approval if the on-sale Type 41 Alcohol License for General Bona Fide Eating Place is not active or actively pursued. The alcohol license permits sale of beer and wine in conjunction with the serving of meals.

11. The hours of operation during which alcoholic beverages may be sold and served under the on-sale license shall be limited to only during business hours.

PASSED, APPROVED AND ADOPTED this 7th day of October, 2014.

CITY COUNCIL AGENDA: OCTOBER 7, 2014

PUBLIC HEARING

TITLE: TEXT AMENDMENT TO THE DEVELOPMENT ORDINANCE TO AMEND THE DEFINITION OF COMMERCIAL ENTERTAINMENT USES AND ADJUST THE ZONE DISTRICTS WITHIN WHICH COMMERCIAL ENTERTAINMENT AND TRADE SCHOOLS ARE ALLOWED

SOURCE: COMMUNITY DEVELOPMENT DEPARTMENT - PLANNING DIVISION

BACKGROUND: On September 12, 2014, staff received a Project Review Committee application to consider a development ordinance text amendment to amend the definition of commercial entertainment uses and adjust the zone districts within which commercial entertainment and trade schools are allowed, in compliance with Chapter 608 Amendments to Zoning Map and Text of the Porterville Development Ordinance. The request was reviewed by staff and discussed at a Project Review Committee meeting on September 24, 2014, where staff expressed no concerns with the proposal.

ANALYSIS: The current development ordinance defines commercial entertainment in four separate categories: Cinema/Theaters; Downtown Entertainment; Large-scale; and Small-scale. The proposed ordinance text amendment would increase the area allowed for indoor commercial entertainment uses in the Small-scale category from 10,000 square feet to 50,000 square feet citywide, and would also broaden the variety of allowable uses within the Small-scale use classification.

The applicant had also requested consideration of trade schools within the CR (Retail Centers) zone district. Currently trade schools are not permitted. Staff recommends trade schools be permitted with a Conditional Use Permit. The reason it could not be permitted by right is that trade schools by their nature vary greatly in use intensity and type, and those uses must be considered on a case-by-case basis. While reviewing the zone districts in which trade schools are permitted, it was noted that trade schools are permitted by right in the PO (Professional Office) district and with a Conditional Use Permit in the IP (Industrial Park). Staff believes these were inadvertently transposed as it would be inappropriate to permit a trade school, such as automobile repair, in the Professional Office district, but that any type of trade school could operate in the Industrial Park district without adversely affecting neighboring land uses.

ENVIRONMENTAL REVIEW:

The proposed ordinance serves to provide greater clarity to uses as identified in the Porterville 2030 General Plan, and the proposed ordinance is an implementation measure of the policies, goals and objectives of the Plan. The Environmental Coordinator made a determination on the basis of substantial evidence that no
additional environmental review is necessary beyond the environmental review already considered for the General Plan and the Development Ordinance.

RECOMMENDATION: That the City Council:
1. Approve the proposed ordinance for the Development Code and give first reading to the draft ordinance; and
2. Waive further reading and order the Ordinance to print.

AN ORDINANCE OF THE CITY COUNCIL OF THE
CITY OF PORTERVILLE AMENDING THE PORTERVILLE DEVELOPMENT
ORDINANCE TO AMEND THE DEFINITION OF COMMERCIAL ENTERTAINMENT
USES AND ADJUST THE ZONE DISTRICTS WITHIN WHICH COMMERCIAL
ENTERTAINMENT AND TRADE SCHOOLS ARE ALLOWED

WHEREAS: On October 7, 2014, the City Council at its regularly scheduled meeting, held
a public hearing to consider an amendment to the Porterville Development Ordinance;

WHEREAS: The proposed text amendment was discussed at a Project Review Committee
meeting on September 24, 2014, where staff expressed no concerns with the proposal; and

WHEREAS: The Zoning Administrator determined the proposal complied with Chapter
608 Amendments to Zoning Map and Text of the Porterville Development Ordinance and
determined the application to be complete; and

WHEREAS: Based on analysis conducted regarding trade schools and their potential effect
on adjacent properties, the Council made the following finding in support of the text amendment:
trade schools vary greatly in use intensity and type, but through a Conditional Use Permit process,
the City of Porterville could establish and enforce conditions of approval to insure that the design
and operations of a trade school would not have a significant effect on adjacent properties or the
remainder of the community within the CR (Retail Centers) and PO (Professional Office) zone
districts; and

WHEREAS: Pursuant to State and local environmental regulations, the proposed
ordinance serves to provide greater clarity to uses as identified in the Porterville 2030 General Plan,
and the proposed ordinance is an implementation measure of the policies, goals and objectives of the
Plan. The Environmental Coordinator made a determination on the basis of substantial evidence that
no additional environmental review is necessary beyond the environmental review already considered
for the General Plan and the Development Ordinance.

NOW, THEREFORE, BE IT ORDAINED: That the City Council of the City of Porterville
does hereby adopt Ordinance No. ________ amending the Porterville Municipal Code to amend

SUBJECT: SECOND READING – ORDINANCE 1817, CONCERNING MEDICAL MARIJUANA CULTIVATION

SOURCE: ADMINISTRATIVE SERVICES DEPARTMENT/CITY CLERK DIVISION

COMMENT: Ordinance No. 1817, An Ordinance of the City Council of the City of Porterville Amending Article I, Section 15-5.1 of the Porterville Municipal Code, Concerning Refusal to Issue Licenses, Repealing Article VII, Sections 15-85 Through 15-105, of Chapter 15, and Adding Section 301.23 of the Porterville Municipal Code, Concerning Medical Marijuana Cultivation, was given first reading on September 16, 2014, and has been printed.

RECOMMENDATION: That the Council give Second Reading to Ordinance No. 1817, waive further reading, and adopt said Ordinance.

ATTACHMENT: Ordinance No. 1817
ORDINANCE NO. 1817

WHEREAS, in November 2007, and in response to the implementation by the State of the Compassionate Use Act of 1996, the Medical Marijuana Program Act (2003) and subsequent case law, the City Council of the City of Porterville adopted Ordinance No. 1734, which amended the City’s regulations concerning medical marijuana dispensaries, prohibiting the issuance of business licenses for the purpose of operating medical marijuana dispensaries, but allowing for their regulation in the event federal law changed; and

WHEREAS, the City Council of the City of Porterville, based on recent and ongoing problems related to the local cultivation of medical cannabis, hereby finds that the cultivation, preparation and distribution of medical cannabis in the city has caused and is causing ongoing impacts to the community. These impacts are intensified by the activities of those who are abusing the current State statutory provisions for the cultivation, processing and distribution of cannabis for nonmedical, improper and illegal purposes. These impacts include increased crime related to outdoor cultivation occurring on residential lots, damage to buildings containing indoor grows, increases in home invasion robberies and related crimes, and increases in response costs, including code enforcement, building, land use, fire, and police staff time and expenses; and

WHEREAS, the City finds that it is in the best interest of the community to regulate the use of land within the city limits for the purposes of collectively cultivating, preparing, or dispensing medical cannabis, and to continue to deny business licenses to applicants desiring to open a medical marijuana dispensary within city limits; and

WHEREAS, legislation and case law confirms that the City has the power to regulate individual cultivation and restrict and even prohibit dispensing of medical cannabis, as well as regulate the collective cultivation and preparation of medical cannabis.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF PORTERVILLE DOES HEREBY ORDAIN as follows:

SECTION 1. The Porterville Municipal Code, Chapter 15, Article I, Section 15-5.1 is hereby amended as follows:

15-5.1: REFUSAL TO ISSUE LICENSE

the City Council that such business is, or is reasonably certain to be, carried on in such manner as to be unlawful, immoral or a menace to the health, safety, peace or general welfare of the people of the city, or that the applicant is not a fit or proper person to carry on such business, or of such character and reputation as to render it reasonably certain that such business will be carried on by the applicant in an illegal or immoral manner, or in such manner as to constitute a menace to the health, safety, morals, peace or general welfare of the people of the city, or that the applicant has theretofore been convicted of any crime in connection with, or while engaged in the operation of a similar business in the city, or has been convicted of any crime affecting the moral character of such applicant.
B. The City Council shall refuse to issue a business license to any applicant where it is apparent that the issuance of such license would allow for the practice, operation or carrying out of any activity that conflicts with any local, state or federal law.

SECTION 4. Section 301.23 is hereby added to Article 21 (Porterville Development Ordinance) as follows:

A. Purpose and Intent

1. The City Council of the City of Porterville, based on evidence presented to it in the proceedings leading to the adoption of this chapter, hereby finds that the cultivation, preparation, and distribution of medical cannabis in the city has caused and is causing ongoing impacts to the community. These impacts are intensified by the activities of those who are abusing the current State statutory provisions for the cultivation, processing and distribution of cannabis for nonmedical, improper and illegal
purposes. These impacts include increases in various types of crime due to outdoor grows, damage to buildings containing indoor grows, including improper and dangerous electrical alterations and use, inadequate ventilation leading to mold and mildew, increased frequency of home-invasion robberies and related crimes. Many of these impacts have fallen disproportionately on residential neighborhoods, but nonetheless also negatively impact properties in the commercial districts. These impacts have also created an increase in response costs, including code enforcement, building, land use, fire, and police staff time and expenses.

2. The City Council also acknowledges that the voters of the State of California have provided a criminal defense to the cultivation, possession and use of medical cannabis for medical purposes under the Compassionate Use Act, but that the Compassionate Use Act does not address land use or building code impacts or issues arising from the resulting increase in cannabis cultivation within the city.

3. The purpose and intent of this chapter is to regulate the cultivation, preparation and distribution of medical cannabis in a manner that protects the public health, safety, and welfare of the community and mitigates for the cost to the community of the oversight of these activities.

B. Interpretation and Applicability

1. No part of this chapter shall be deemed to conflict with federal law as contained in the Controlled Substances Act, 21 U.S.C. Section 800 et seq., nor to otherwise permit any activity that is prohibited under that Act or any other local, state, federal law, statute, rule or regulation. The cultivation, preparation, and distribution of medical cannabis in the city is controlled by the provisions of this chapter of the Porterville Development Ordinance.

2. Nothing in this chapter is intended to, nor shall it be construed to, preclude a landlord from limiting or prohibiting cannabis cultivation, smoking or other related activities by tenants.

3. Nothing in this chapter is intended to, nor shall it be construed to, burden any defense to criminal prosecution otherwise afforded by California law.

4. Nothing in this chapter is intended to, nor shall it be construed to, exempt any cannabis related activity from any and all applicable local and state construction, electrical, plumbing, land use, or any other building or land use standards or permitting requirements.

5. Nothing in this chapter is intended to, nor shall it be construed to, make legal any cultivation, transportation, sale or other use of cannabis that is otherwise prohibited under California law.
6. All cultivation, preparation and distribution of medical cannabis within city limits shall be subject to the provisions of this chapter and other applicable provisions of this Code, regardless of whether cultivation, preparation, or distribution existed or occurred prior to adoption of this chapter.

C. Definitions: For the purpose of this chapter, the following definitions shall apply unless the context clearly indicates or requires a different meaning:

1. Prior to commencing any medical cannabis cultivation, the person(s) owning, leasing, occupying, or having charge or possession of any legal parcel or premises where medical cannabis cultivation is proposed to occur must obtain a medical cannabis cultivation permit from the Community Development Director or his or her designee. The following information will be required with the initial permit application and subsequent permit extensions:

   a. A notarized signature from the owner of the property consenting to the cultivation of cannabis at the premises on a form acceptable to the City.
   b. The name of each person owning, leasing, occupying, or having charge of any legal parcel or premises where medical cannabis will be cultivated.
   c. The name of each qualified patient or primary caregiver who participates in the medical cannabis cultivation.
   d. A copy of the current valid medical recommendation or county-issued medical marijuana card for each qualified patient identified as required above, and for each qualified patient for whom any person identified as required above is the primary caregiver.
   e. The physical site address of where the marijuana will be cultivated.
   f. A signed consent form, acceptable to the City, authorizing City staff, including the Police Department authority, to conduct an inspection of the cultivation area without notice.
   g. Proof that the applicant and any resident has had no drug related felony convictions within the past seven (7) years.

2. The initial permit shall be valid for no more than two (2) years and may be extended in increments of two (2) years.
3. To the extent permitted by law, any personal or medical information submitted with a medical cannabis cultivation permit application or permit extension shall be kept confidential and shall only be used for purposes of administering this chapter.

4. The Zoning Administrator may, in his or her discretion, deny any application for a medical cannabis cultivation permit, or extension thereof, where he or she finds, based on articulated facts, that the issuance of such permit, or extension thereof, would be detrimental to the public health, safety, or welfare. The Zoning Administrator shall deny any application for a medical cannabis permit, or extension thereof, which does not demonstrate satisfaction of the minimum requirements of this chapter. Failure to comply with requirements twice within a permitting period constitutes grounds for permit revocation and serves as a basis for denial of any new application or extension. The denial of any permit application, or permit extension, shall be subject to appeal pursuant to Section 601.11 Appeals.

5. The City may establish a fee or fees required to be paid upon filing of any application for permit(s) as provided by this Chapter, which fees shall not exceed the reasonable cost of administering this chapter, including but not limited to review of applications for permits, monitoring and inspections, and enforcement costs. Said fee or fees shall be established by Resolution of the City Council.

K. Medical Cannabis Cultivation or Distribution Facility/Dispensary. Medical cannabis distributing facilities or dispensaries are not a permitted use and are prohibited in any and all zoning designations or districts within the city limits.

L. Enforcement. Any violation of this chapter is subject to any and all penalties as prescribed in the Porterville Municipal Code, in addition to being subject to other remedies provided by law, including but not limited to, injunctive relief, nuisance abatement action, summary abatement of immediately hazardous conditions, and all other applicable fines, penalties and remedies. This chapter is adopted to address public health and safety issues, and as such, carries with it an express legislative intent to be interpreted strictly, enforced with an emphasis on public and community safety, and enforced rigorously in a manner such as to deter further violations.

M. Appeals. With the exception of the appeal process set forth in subsection (J)(4) for consideration of applications for permits, any other decisions made by the Zoning Administrator related to the application and enforcement of this Section including, but not limited to decisions to suspend, revoke or modify a permit, shall be subject to the appeal provisions set forth in Chapter 612 Appeals of the Porterville Development Code.

SECTION 5. Series 700: General Terms, Chapter 700.02 is hereby amended to add in alphabetical order “Use, Sensitive” to definitions to read as follows:

SUBJECT: AWARD OF CONTRACT – RECLAMATION AREA LEASE

SOURCE: Public Works Department – Field Services Division

COMMENT: This staff report was presented to the City Council on September 19, 2014. At that time, the Council discussed the project in great detail and received comments from the two proposers. Upon conclusion of the discussion, the City Council directed staff to return the item to the October 7, 2014, Council meeting for further deliberations.

In summary, the City solicited proposals from experienced farming entities for the lease of the City's Reclamation Area. The lease consists of 682.4 acres, of which 594.62 acres is leveled and under irrigation; the remaining 87.78 acres require maintenance by the lessee.

On September 4, 2014, Public Works received two proposals from local farming entities. It was quickly noted that an addendum requiring the signature of each proposer was missing from the Nuckols Farming proposal. Mr. Nuckols stated on September 4, 2014, that he did not receive the addendum via fax.

Mr. Nuckols acknowledged to staff that his fax machine registered receiving a document from the City on the date that the Purchasing Agent faxed Addendum #1 to all plan holders. City records clearly show that all four plan holders received the addendum. A copy of the City’s fax register attesting to this fact is attached.

The proposals were discussed in detail with the Reclamation Area Subcommittee and rated by staff members of the subcommittee based on the four (4) categories noted below.

1. Farming experience & financial condition of the applicant (25 pts.)
2. Marketing & sales experience (5 pts.)
3. Annual lease by proposer (40 pts.)
4. Recycled water & biosolid application experience (30 pts.)

The proposer's average score and rank, shown below, did not take into account the significance of the unsigned document.

</table>
**Nuckols Farming** submitted a $239 per acre proposal, which equates to an annual lease of $163,094 on the full 682.4 acres. The lease amount over the life of the contract (5 years) equals $815,468. However, as noted above, the Nuckols proposal did not include the required signed addendum #1.

**Rick Perigo Roadsiding** submitted a $165 per acre proposal, which equates to $112,586 on the full 682.4 acres. The lease amount over the life of the contract equals $562,980.

The City Attorney has reviewed the situation, and if the lease was being administered as a Public Works Contract, the unsigned addendum would cause the Nuckols Farming proposal to be considered non-responsive. However, the lease is being administered as a Professional Services Contract, thus the Council has the authority to waive the requirement and consider the proposal as responsive. As such, the Council has three options:

**Option 1)** Affirm that the City received one responsive proposal from Rick Perigo Roadsiding in the amount of $112,586 annually and that Council award said farm lease contract to Rick Perigo Roadsiding.

**Option 2)** Waive the lack of a signed addendum #1 by Nuckols Farming, have Robert Nuckols submit the required signed addendum #1, and award the farm lease contract to Nuckols Farming in the amount of $163,094 annually.

**Option 3)** Reject all proposals as the City originally received only one responsive proposal and re-advertise the farm lease RFP. This option, although not ideal, is possible but with the following concerns:

a) The proposal amounts have been disclosed in an open forum and therefore, short of modifying the RFP to reflect a different project, the apparent high proposer may claim he was disadvantaged.

b) The apparent low proposer may claim that he followed all instructions as directed by the City and therefore, his proposal should be the only proposal considered for award.

c) Re-advertising does not guarantee that the City will receive proposals from either party and, almost certainly, the short advertisement period will preclude other proposers from submitting proposals.
The issue has been raised regarding the City’s and/or the Farmer’s ability to terminate the contract. The contract language is standard and straightforward. Should the City or Farmer wish to terminate the contract, the party wishing to terminate the contract must present the other party with a written ninety (90) day “Notice of Intent” (NOI) to terminate. In the event the Farmer provides his ninety day notice between lease payments, the City can and will draw a minimum 3 months lease payment from the line of credit established as part of the original Service Agreement. The 3 month payment drawn from the line of credit will allow the City to advertise and award a new Farm Lease contract.

RECOMMENDATION: That the City Council:

1. Consider the lack of a signed addendum as non-responsive and accept Rick Perigo Roadsiding’s proposal of $165 per acre, for an annual amount of $112,596 for 682.4 acres as the top proposal;

2. Approve the lease agreement between the City of Porterville and Rick Perigo Roadsiding; and

3. Authorize the Mayor to sign a five (5) year lease agreement with Rick Perigo Roadsiding and stipulate that the lease agreement start date shall be November 1, 2014, and the lease agreement end date shall be October 31, 2019.

OR

1. Waive the lack of a signed addendum and accept Nuckols Farming proposal of $239 per acre, $163,094 for 682.4 acres as the top proposal;

2. Approve the lease agreement between the City of Porterville and Nuckols Farming; and

3. Authorize the Mayor to sign a five (5) year lease agreement with Nuckols Farming and stipulate that the lease agreement start date shall be November 1, 2014, and the lease agreement end date shall be October 31, 2019.

No waiver the City of any default or breach on the part of Lessee in the performance of any of the terms, covenants, or conditions hereof to be performed, kept, or observed by Lessee shall be or be construed to be a waiver by the City of any other or subsequent default or breach in performance of any of said terms, covenants, or conditions contained in this Agreement.

22.5.1. The subsequent acceptance of rent by the City shall not be deemed a waiver of any preceding breach by Lessee of any term, covenant or condition of this Agreement, including the failure of Lessee to pay the particular rental so accepted, regardless of the City's knowledge of such preceding breach at the time of acceptance of such rent.

22.5.2. No covenant, term or condition of this Agreement shall be deemed to have been waived by the City, unless the City provides such waiver in writing.

SUBJECT: GOVERNOR'S EXECUTIVE ORDER FOR CALIFORNIA DISASTER ASSISTANCE ACT FUNDING, AND THE PROVISION OF WATER AND SERVICE DELIVERY TO EAST PORTERVILLE RESIDENTS

SOURCE: Administration

COMMENT: On Friday, September 19, 2014, Governor Brown issued Executive Order B-26-14, within which the Governor authorized funding through the California Disaster Assistance Act for the purpose of providing temporary water supplies to households without water for drinking and/or sanitation purposes. Under the Executive Order's funding authorization, which expires December 31, 2014, local agencies are eligible for reimbursement of up to seventy-five percent (75%) for appropriate expenses in providing assistance and support for drought-related activities, and non-profit organizations are eligible for one hundred percent (100%) reimbursement.

At its meeting on August 19th, the City Council authorized $10,000 from its "Special Purposes Fund" to be used in support of providing non-potable water service delivery to County residents in the East Porterville area whose wells are dry and thus without residential water for sanitation purposes, in coordination with the Porterville Area Coordinating Council (PACC). To date, the PACC has currently placed sixty (60) 300-gallon water tanks at East Porterville residences, which is planned to increase to one hundred (100) by the end of October. Currently, City staff and a water truck deliver water to each residence with a tank once per week, which requires two full days to fill the tanks, and will require at least an additional day of delivery as the additional tanks are placed. By the end of October, it is anticipated that the Council's $10,000 appropriation will have been expended, though up to $7,500 is potentially reimbursable to the City under the Governor's Executive Order.

Given the Governor's Executive Order authorizing full reimbursement for non-profit organizations in support of drought-related activities, City staff has engaged PACC, as well as Community Services Employment Training (CSET) and Self-Help Enterprises (SHE), in assuming the responsibility for non-potable water deliveries beginning in November through the leasing of a water truck and the employment of delivery drivers. PACC has indicated that the organization is not considering taking on delivery, but would rather focus its efforts on making permanent connection to City water for eligible affected residences.

Item No. 28
Both CSET and SHE have expressed interest in assuming the responsibility for water delivery, though SHE has indicated that they would like to increase the size of the tanks from 300-gallons to 1,500-gallons, as well as pressurize the tanks to the residences as a more permanent solution for the residents. City staff has expressed its concerns about the increase in tank size as part of a permanent solution potentially impacting the City’s overall water production and State conservation requirements, given the estimated 30,000 gallons of water delivered each week would increase to 150,000.

In support of drought assistance efforts, PACC has established a 5,000 gallon tank at the former lemon processing facility on the northeast corner of Date Avenue and Plano Street. PACC volunteers are assisting in filling private water receptacles at the location during the day, but have requested City assistance in providing Fire Department Reserve Firefighters during the evening hours to provide support, given the City could make a claim for reimbursement for up to 75%.

RECOMMENDATION: That the City Council consider the provision and delivery of water service to East Porterville county residents in reference to the Governor’s Executive Order, as well as PACC’s request for support of Fire Department Reserve Firefighters, and provide direction and authorization to staff as deemed appropriate.

State of California

EXECUTIVE ORDER B-26-14

WHEREAS on January 17, 2014, I proclaimed a State of Emergency to exist throughout the State of California due to severe drought conditions; and

WHEREAS on April 25, 2014, I proclaimed a Continued State of Emergency to exist throughout the State of California due to the ongoing drought; and

WHEREAS drought conditions have persisted for the last three years and the duration of this drought is unknown; and

WHEREAS many residents across the state who rely on domestic wells or very small water systems now live in homes that can no longer provide water for drinking or sanitation purposes due to declining groundwater supplies resulting from the drought; and

WHEREAS the shortage of water for drinking and sanitation purposes that many residents now face constitutes a threat to human health and safety; and

WHEREAS additional expedited actions are needed to reduce the harmful impacts from these water shortages and other impacts of the drought; and

WHEREAS the magnitude of the severe drought conditions continues to present threats beyond the control of the services, personnel, equipment, and facilities of any single local government and require the combined forces of a mutual aid region or regions to combat; and

WHEREAS under the provisions of section 8571 of the California Government Code, I find that strict compliance with various statutes and regulations specified in this order would prevent, hinder, or delay the mitigation of the effects of the drought.

NOW, THEREFORE, I, EDMUND G. BROWN JR., Governor of the State of California, in accordance with the authority vested in me by the Constitution and statutes of the State of California, in particular Government Code sections 8667 and 8571 of the California Government Code, do hereby issue this Executive Order, effective immediately.

IT IS HEREBY ORDERED THAT:

1. The Office of Emergency Services shall provide local government assistance as it deems appropriate for the purposes of providing temporary water supplies to households without water for drinking and/or sanitation purposes under the authority of the California Disaster Assistance Act, California Government Code section 8680 et seq. and California Code of Regulations, Title 19, section 2900 et seq.

2. The provisions of the Government Code and Public Contract Code applicable to state contracts and procurement, including but not limited to, advertising and competitive bidding requirements, are hereby waived for the sole purpose of allowing state agencies and departments to purchase water for the protection of health, safety, and the environment.
3. The provisions of California Penal Code section 396 prohibiting price gouging in times of emergency are hereby reinstated as of the date of this Order. The 30-day time period limitation under subsection (b) is hereby waived. For the purposes of calculating the price differential, the price of goods or services shall be compared to the price in effect as of the date of this Order.

4. The State Water Resources Control Board, the Department of Water Resources, the Office of Emergency Services, and the Office of Planning and Research will assist local agencies with the identification of acute drinking water shortages in domestic water supplies, and will work with local agencies in implementing solutions to those water shortages. For any actions the listed state agencies take pursuant to this directive, for any actions taken by a local agency where the Office of Planning and Research concurs that local action is required, and for any necessary permits to carry out those actions, Division 13 (commencing with section 21000) of the Public Resources Code and regulations adopted pursuant to that Division are hereby suspended. This suspension will expire on December 31, 2014, except that actions started prior to that date shall not be subject to Division 13 for the time required to complete them.

This Executive Order is not intended to, and does not, create any rights or benefits, substantive or procedural, enforceable at law or in equity, against the State of California, its agencies, departments, entities, officers, employees, or any other person.

I FURTHER DIRECT that as soon as hereafter possible, this Order be filed in the Office of the Secretary of State and that widespread publicity and notice be given to this Order.

IN WITNESS WHEREOF I have hereunto set my hand and caused the Great Seal of the State of California to be affixed this 3rd day of September 2014.

2. Any item removed from the Consent Calendar shall be considered immediately
after the last Scheduled Matter on the agenda and immediately before the
Second Oral Communications. (M.O. 16-091812, September 18, 2012.)
III. MEETING PROCEDURES

A. PRESIDING OFFICER

1. The Mayor is the Presiding Officer and acts as Chair at Council meetings.

2. In the absence or incapacity of the Mayor, the Vice Mayor as Mayor Pro Tempore will serve as Presiding Officer. In the absence of both the Mayor and Vice Mayor, the Council Members present shall select one of their number to serve as Presiding Officer for that meeting. *(Amended via Minute Order 08-071911, July 19, 2011.)*

3. Seating arrangement of the Council:

Seating arrangements shall be at Council discretion with preference being given to health conditions, seniority, individual Council Member preferences, and the Mayor’s preference, in that order. *(Amended via Minute Order 08-071911, July 19, 2011.)*

4. Signing of City Documents:

The Mayor, unless unavailable, shall sign all ordinances, resolutions, contracts and other documents which have been adopted by the City Council and require an official signature; except when the City Manager, or his or her designee, has been authorized by Council action to sign documents. In the event the Mayor is unavailable, the Vice Mayor may sign the required documents. *(Amended via Minute Order 08-071911, July 19, 2011.)*

B. QUORUM

A majority of the Council Members shall constitute a quorum for the transaction of business. *(City Charter)*

C. DISCUSSION RULES

1. Obtaining the floor:

   a. A member of the City Council, staff, or public shall first address the Presiding Officer and gain recognition.
b. Comments and questions shall be limited to the issue before Council except when members of the public are addressing the Council under Oral Communications.

c. Council shall require a motion and a second prior to any discussion of an agenda item.  (*Minute Order 17-091812, September 18, 2012.*)

d. Cross-exchange between Council Members, staff or public shall be avoided.

e. Any citizen may arise and address the City Council on any business especially concerning them or affecting their interests during Oral Communications, but preference will be given to those who have first presented matters in the form of a written communication or who have personally notified the presiding officer of their desire to speak.

f. Any member or other person using profane, vulgar, loud or boisterous language at any meeting, or otherwise interrupting the proceedings, who refuses to be seated or keep quiet when ordered to do so by the Mayor or Mayor Pro Tem of the City Council, shall be guilty of a misdemeanor. It shall be the duty of the Chief of Police, upon order of the presiding officer, to eject any such member or person from the council room. (*Ordinance 1537*)

2. Questions to staff:

A Council Member shall, after recognition by the Presiding Officer, address questions to duly designated staff members through the City Manager.

3. Interruptions:

a. Once recognized, a Council Member shall not be interrupted while speaking except to make a point of order or personal privilege.

b. If a Council Member is called to order while speaking, the individual shall cease speaking until the question of order is determined.

c. Upon being recognized by the Presiding Officer, members of staff shall hold the floor until completion of their remarks or until recognition is withdrawn by the Presiding Officer.
IV. COUNCIL REQUESTS FROM THE PUBLIC

A. Response to Letters from the Public

Periodically Council Members receive letters requesting their response. If a Council Member wishes to answer the letter, the matter can be handled in either of three ways:

1. The Council Member can give the letter to the City Manager's Secretary along with direction on how they wish their response to be worded. The City Manager's staff will then prepare the letter on City Council stationery and forward it to the appropriate Council Member for approval and signature. Copies of both letters are kept on file in the City Manager's Office, and copies are available upon request.

2. If the letter requires specific information or details only available from another City Department, the City Manager may refer the letter to the appropriate Department Head for response by them or their designee. Copies of the letters will then be forwarded to the City Manager's Office for filing.

3. If the Council Member wishes to answer their own correspondence, City stationery is available upon request from the City Manager's secretary. Copies of all such letters on City Letterhead shall be provided to all other Council members, and the letter shall include a provision clearly defining that the correspondence represents the views and/or feelings of the specific Council member signing the letter. If the Council Member wishes to have a copy of the letters in their file, they should submit a copy to the City Manager's staff for filing.

If a Council Member receives an informational item and wants a copy to be given to the other Council Members and the City Manager or other Directors, the item should be given to the City Manager's staff and copies will be made and sent out.

B. Referrals to Council agenda

Periodically Council Members receive correspondence or verbal requests for items to be acted upon, or considered, by the City Council. If a Council Member wishes to respond to the request, the matter should be referred to the City Manager. The request can then be handled as follows:
The Council Member may request the City Manager to place the item on the Council agenda as a written communication (however, the request must be stated on the agenda face sheet for Council to be able to act on it at the meeting); or

Upon research, the request may be determined to be a violation of City, State or Federal law, policy, or previous Council determination, in which case an appropriate response as to why the matter can not be heard will be provided to the requesting party.

Correspondence requesting that an item be acted upon, or considered, by the City Council, which is received directly by the City Manager, is handled in either of two ways:

1. The City Manager shall place any routine and/or legitimate written request under written communications*, or have a staff report prepared if time permits, for the next City Council agenda; or

2. The City Manager shall place any request which has already been acted upon by Council, cannot legally be accomplished, or which has a potential for litigation, in an Administrative Memorandum.

C. Telephone Calls

Citizens attempting to communicate with the City Council often call the offices at City Hall. Such calls are referred to the City Manager's Office. The City Manager's staff will take a message and refer it to the appropriate Council Member, or give the caller the telephone number of the City Council Member so they may call them directly, according to instructions given by the Council Member [see X-D (3)].

D. Personal Meetings

Council Members who wish to meet with their constituents may use various rooms at City Hall. The Council Member should call the City Manager's Secretary as soon as they know a room is needed so that it can be reserved for their use. No more than two Council Members may attend a meeting to discuss City matters without the meeting becoming a public meeting and therefore falling under the requirements of the Brown Act Open Meeting Laws.
E. Personal Correspondence

Council Members who wish to send their own correspondence using City stationery shall include a provision clearly defining that the correspondence represents the views and/or feelings of the specific Council member signing the letter. Copies of all such letters on City Letterhead shall be provided to all other Council members. Letterhead stationary is available upon request from the City Manager's secretary, and if the Council Member wishes to have a copy of their letter in their file, they should submit a copy to the City Manager’s staff for filing.

F. Proclamation Approval Process

All Proclamations must be submitted at least 72 hours before noon on the Thursday before the next City Council Meeting to be considered for approval by the City Council. All received proclamations are to be scanned and emailed to all Council Members within one business day of being received. Each Council Member will have until noon on the Thursday before the next Council Meeting to contact the City Manager’s Office to sponsor submitted proclamations. Proclamations receiving one sponsor will be placed on the next Council agenda as a Consent Calendar item. Those not receiving a sponsor will be disregarded. If multiple sponsors are received, the first Council Member to respond will be deemed the proclamation’s sponsor. (M.O. 13-100113, October 1, 2013.)
V. COUNCIL MEMBER REQUESTS TO STAFF

A. General Information

All City Council Member requests for information or documents shall be referred through the City Manager. Any Department Head who receives a direct request from a Council Member shall submit the request, including the name of the requesting Council Member, to the City Manager.

B. Research

All City Council Member requests for information or documents which require extensive research, in the opinion of the City Manager, shall be referred through the City Manager to the Council for direction. The City Manager will discuss the matter with the appropriate department and relay the approximate time table for completion to the City Council for discussion and action at the next available meeting of the City Council. If the request is approved by the Council, upon completion of the research, the information or documents will be forwarded to the City Council Members by the City Manager. *(Amended via Minute Order 08-071911, July 19, 2011.)*

C. Items for inclusion in Council Agenda

The City Manager shall compile the agenda for each meeting and shall include as agenda items, business in the normal course of City affairs, including but not limited to staff proposals to improve services, support the economy and land use, and enhance the efficiency and effectiveness of the City organization, items relating to current, past, and proposed City contracts, leases, franchises, agreements and similar documents, and matters affecting future or proposed City equipment and property, items relating to City employees, agents and contractors, and such other matters as are defined in this handbook or otherwise directed by the City Council.

All City Council Member requests for an item to be placed on the Council agenda should be referred to the City Manager. Pursuant to Minute Order No. 11-022096, such request shall be submitted prior to Monday noon of the week before the Council meeting in order to be placed on the next regularly scheduled meeting.
The City Manager shall place any Council Member request for an agenda item on the next available agenda as a Consent Calendar item for Council approval to be included as a Scheduled Matter on the next available agenda. This does not prevent any Council Member from moving to place an item on the next available agenda during Other Matters of the current agenda. *(Amended via Minute Order 08-071911, July 19, 2011.)*
VI. COUNCIL AGENDA

A. Preparation:

Each Department Head submits agenda items regarding their Department to the City Manager for approval. Upon the City Manager's approval, the items are returned to the appropriate department for copying and collation.

The City Council meeting agendas are prepared on the Thursday prior to the Tuesday meeting. Any questions regarding whether items have been scheduled for consideration at a particular meeting may be directed to the Chief Deputy City Clerk and/or Deputy City Clerk.

B. Deadlines:

The deadlines for the agenda are the Monday preceding the Thursday preparation day. Public hearing items, scheduled matter items, Consent calendar items, and written communications must be submitted by the Monday deadline. The deadline for a Council member request for any item shall be Monday noon preceding the Thursday preparation day.

C. Delivery:

Agendas will be delivered to Council on the Thursday prior to the Tuesday meeting. The agenda shall include a complete copy of the agenda on compact disc suitable for loading on a laptop computer, with provisions for annotating materials with the use of a suitable Acrobat Reader. No items, or additional materials, shall be delivered after the initial delivery to Council on Thursday, except in the instance of a designated emergency item.

Council agendas shall be delivered to the Council Member's home or business, as requested. If no one is available to receive the agenda, the agenda shall be left in an area designated by the Council Member, unless other arrangements have been previously made with the City Clerk's staff. [See X(D)(1)(2).]

The agendas for staff, public and the news media are available after Council receives their agendas, usually on Friday.
VII. THE RALPH M. BROWN ACT

The Ralph M. Brown Act (California Government Code 54950 et seq.) governs meetings conducted by local legislative bodies such as city councils, boards of supervisors, special districts, and school boards. The Act represents the State Legislature's determination of how the balance should be struck between the public access to meetings of multi-member public bodies on one hand, and the need for confidential candor, debate, and information gathering on the other.

The Act contains specific exceptions from the open meeting requirements where government has a demonstrated need for confidentiality. Where matters are not subject to a closed meeting exception, the Act has been interpreted to mean that all of the deliberative processes by legislative bodies, including discussion, debate and the acquisition of information, be open and available for public scrutiny.

Meetings are defined as any gathering of a quorum of a legislative body (which includes newly elected but unsworn members of the body) to discuss or transact business under the body's jurisdiction and serial meetings are prohibited. Exemptions are individual contacts between board members and others which do not constitute serial meetings, attendance at conferences and meetings which are open to the public so long as legislative bodies do not discuss amongst themselves business of a specific nature under the body's jurisdiction, and attendance at social or ceremonial events where no business of the body is discussed.

The Act requires that notices of regular meetings must be posted at least seventy-two (72) hours prior to the meeting, and twenty-four (24) hour notice must be provided to members of the legislative body and media outlets for special meetings.

A user's guide to the Ralph M. Brown Act is provided to Council Members for their information. If a Council Member has a specific question which does not seem to be covered in the guide, the Council Member should contact the City Attorney for a legal opinion.
VIII. TRAVEL, MEETINGS AND EXPENSES

This policy would satisfy the requirements of California Government Code §§ 53232.2 and 53233.3 in the event such requirements could be constitutionally applied to charter cities.

The City Manager, or his staff, will notify the City Council Members about any League of California Cities' Conferences, Redevelopment Conferences, Committee meetings, and/or local meetings that may be of interest to the Council. If a Council Member is interested in attending any such meeting, the following procedures should be followed:

A. Requests for Reservations:

When a City Council Member wishes to attend a conference or meeting, he/she should contact the City Manager's office and indicate the following:

1. The date(s) of the conference or meeting;

2. If the Council Member will be accompanied by anyone else, i.e. spouse, child;

3. Any personal preferences for hotel reservations, such as smoking or non-smoking, king or double beds, etc.; and

4. Whether special travel arrangements need to be made, i.e. airplane tickets, ride-sharing, etc.

A disbursement will then be prepared and the payment for the conference or meeting will be forwarded, and, if applicable, the hotel will be contacted to make the appropriate reservations. When making hotel reservations to attend a conference or meeting, a request for a room sales tax waiver shall be made on behalf of the applicable Council member. If a prior room reservation request is not made, the Council member shall request a room sales tax waiver prior to payment for a room.

For lodging in connection with a conference, lodging expenses must not exceed the group rate published by the conference sponsor for the meeting in question, if such rates are available at the time of booking. If the group rate is not available, government rates must be used when available. Lodging rates that are equal or less than the government rates are presumed to be reasonable and allowed per this policy. In the event that government rates are not available at a given time or in a given area, lodging rates that do not exceed the IRS per diem rates for a given area are presumed reasonable and hence allowed.
B. Travel and Expense Form:

A Travel and Expense Form will then be prepared for the Council Member which indicates the following:

1. The amount of money to be issued to the traveler as per diem*; and
2. Mileage expense* (if a personal vehicle is used for travel and cost is paid in advance).

* Amount set in Administrative Policy Manual Sec. II-E-1, Travel & Conference Expenses. In regard to the per diem amount, if payments for expenses are made in advance pursuant to the specified per diem amounts, the disbursement shall not be considered to be reimbursable expense under AB 1234.

The Council Member will then be issued a packet of materials several days prior to the meeting which contains the following:

1. A check for per diem and mileage;
2. Confirmation notification and informational materials regarding the conference;
3. Confirmation notification for any hotel reservations; and
4. A City credit card to pay for the room charges at the end of the meeting.

C. Receipts:

The Council Member shall then bring the receipt for the hotel charges to the City Manager's staff upon his/her return, together with the credit card, and any refund due the City. The Council Member shall sign the original Travel and Expense Form at that time, which shall then be filed with the Finance Department for final processing.

If a refund is due the Council Member, a check will be issued by the Finance Department and then distributed to the Council Member.

D. Eligibility:

The City shall pay for any Council Member to attend any meetings or conferences of their choice, as approved or ratified by the City Council. A Council Member may request mileage and other expenses associated with attending meetings of boards, commissions, committees, or other groups to which the Council Member has been elected, appointed, or designated to attend by the City Council without further approval or ratification. When accompanied by a spouse, significant other, and/or one or more children, the Council Member shall pay for expenses incurred above that which would otherwise have been paid for the Council Member. Any charge placed on a City credit card for someone other than a Council Member shall also be considered a refund due
the City, payable within 10 days of the receipt of the charges. *(Amended via Minute Order 18-091812, September 18, 2012.)*

E. Event Tickets:

1. City and/or City-Sponsored Events:
   A Council Member may accept no more than two (2) tickets issued by the City to a City event or a City-sponsored event. Any tickets in excess of two (2) accepted by a Council Member shall be paid for by the Council Member from non-City funds at the time of acceptance of the tickets. *(Resolution 99-2012, October 2, 2012.)*

2. Non-City Sponsored Events:
   The use of City funds to purchase tickets to community events are restricted to the Mayor and Vice-Mayor only. *(Minute Order 11-120412, December 4, 2012.)*
IX. CONFLICT OF INTEREST

A. City Council Members Filing Requirements

City Council Members are under the provisions of the Political Reform Act (Gov. Code, Section 81000 et seq. known as "the Act") as enforced by the Fair Political Practices Commission. The Act applies to campaign contributions requirements, as well as matters of conflict of interest while in office.

1. Disclosure of Economic Interests:

City Council Members must file assuming office and leaving office statements, as well as annual statements while in office. The statements basically require the disclosure of the following information:

- Investments or interests in real property and its fair market value;
- Income, and the name and address of each source of income aggregating five hundred dollars ($500) or more, or fifty ($50) or more if a gift, and a general description of the business activity, if any of each source;
- Interests in real property held by a business entity or trust;
- Loans, and its annual interest rate and the security, if any, given for the loan;

2. Disqualification of Participation (Conflict of Interest):

A Council Member shall not make, participate in making, or in any way attempt to use his official position to influence a governmental decision in which he knows or has reason to know he has a financial interest. This might include decisions which affect property within up to 500 feet of the subject property in which the Council Member has an interest.

A financial interest in a decision, within the meaning of Section 87100 of the Act, is if it is reasonably foreseeable that the decision will have a material financial effect, distinguishable from its effect on the public generally, on the Council Member or:

- A member of his or her immediate family;
• A business entity in which the Council Member has a direct or indirect investment worth $2000 or more;

• Any real property in which the Council Member has a direct or indirect interest worth $2,000 or more;

• Any source of income, other than gifts or commercial lending institutes loans, aggregating $500 or more received or promised to the City Council Member within twelve months prior to the time when the decision is made;

• Any business entity in which the City Council Member is a director, partner, trustee, employee, or holds any position of management;

• Any donor, or any intermediary or agent for a donor, or a gift or gifts aggregating $420 or more in value provided to, received by, or promised to the City Council Member within 12 months prior to the time when the decision is made.

Indirect investment or interest means any investments or interest owned by the spouse or dependent child of a City Council Member, by an agent on behalf of a Council Member, or by a business entity or trust in which the Council Member, the Council Member's agents, spouse, and dependent children own directly, indirectly, or beneficially a 10% interest or greater.

Section 87100 of the Act does not prevent any Council Member from making or participating in the making of a governmental decision to the extent his participation is legally required for the action or decision to be made. The fact that a Council Member's vote is needed to break a tie does not make his participation legally required for purposes of this section.

Pursuant to Section 87105 of the Act, a public official who holds an office specified in Section 87200 who has a financial interest in a decision within the meaning of Section 87100 shall, upon identifying a conflict of interest or a potential conflict of interest and immediately prior to the consideration of the matter, do all of the following:

a. Publicly identify the financial interest that gives rise to the conflict of interest or potential conflict of interest in detail sufficient to be understood by the public, except that disclosure of the exact street address of a residence is not required.
b. Recuse himself or herself from discussing and voting on the matter, or otherwise acting in violation of Section 87100.

c. Leave the room until after the discussion, vote, and any other disposition of the matter is concluded, unless the matter has been placed on the portion of the agenda reserved for uncontested matters.

d. Notwithstanding paragraph (3), a public official may speak on the issue during the time that the general public speaks on the issue.

B. Other Agencies:

Whenever a Council Member is required to file a Statement of Economic Interest for an outside agency, the Deputy City Clerk will provide the correct form, and using the Statement of Economic Interest Form 700 filed in the City Clerk's Office for the City of Porterville, prepare a duplicate statement for signature, and forward the appropriate form to the requesting agency.

C. Redevelopment Agency Filing Requirements:

Upon assuming office, a City Council Member will also serve as a Redevelopment Agency Member. As an Agency Member, they must file a Conflict of Interest statement for the Porterville Redevelopment Project area. After assuming office, an Agency Member may not acquire any property within the Redevelopment Project area. If prior interests exist within the Project area, the Agency Member must disqualify themselves from any action taken which would constitute a benefit to them.

D. City of Porterville Conflict of Interest Code:

Certain designated City employees are also required to file conflict of interest forms under the provisions of the Political Reform Act Code, Sections 87100-87500 et seq. The City of Porterville Conflict of Interest Code was adopted by the City Council and is reviewed biennially to make sure it is kept current.

If Council Members have a question on whether an interest they have is sufficient for disqualification, they should contact the Fair Political Practices Commission at (866) 275-3772, or http://www.fppc.ca.gov, for a ruling or opinion.
X. GENERAL ITEMS

A. Different Hats

Members of the City Council also serve as the governing bodies for the following local agencies:

1. Redevelopment Agency

3. How to direct citizens who wish to speak to Council Members, i.e. take a message, give out home telephone numbers, give out business telephone numbers, etc.
E. City Attorney

The City Attorney is the legal advisor of the City Council, and all other City officials. The City Attorney shall prosecute all violations of City ordinances and shall draft all contracts and other legal documents and instruments, required by the Council or the City Manager. The City Attorney shall perform such other legal services as the Council may direct and shall attend all meetings of the Council unless excused therefrom by three members or by the Mayor.

The types of questions referred to the City Attorney are as follows:

1. Generally whether a conflict of interest exists for a Council Member and whether they should abstain from voting on a specific matter.

   Please note: Any advice received from the City Attorney relating to Conflicts of Interests is informal only and not binding; the Council Member must seek and obtain a formal written opinion from the FPPC in order to be afforded any statutory immunities.

2. Whether an issue has a legal standing, and what type of action would be appropriate.

3. Legal recommendations for matters of litigation.

F. Annual City Manager/City Attorney Evaluations

The City Council shall provide for annual evaluations for the City Manager and the City Attorney. A standardized evaluation form shall be used which shall address the areas of importance as set forth by the City Council. (See Appendix C.)

G. Response to President/Governor Directives

Directives issued by the President of the United States and/or Governor of the State of California shall not be considered a mandatory directive to the City of Porterville except as authorized and/or approved by the City Council. The one exception to this rule is that flags on City buildings shall be flown at half mast upon orders by the President, Governor and/or Mayor, or by majority approval of the City Council.
